Beaded Double Crochet (BDC)

When the pattern calls for a BDC, make a regular DC (Pic 1) and at the end switch out the regular hook for the smaller hook with the bead on it (Pic 2). Pull the loop through the bead (Pic 3) and then replace the bead hook with the regular hook (Pic 4).

Enjoy your beautiful creation!

I have been able to get 7 rows of dragonflies when I make this pattern. My finished wrap is approximately 36 by 72 inches.

I prefer to use a dangle bead with my wraps but you can use a regular bead if you prefer.
