Rows 11 - 186: Repeat rows 3 through 10 *twenty-two* (22) times. Remember when you *drop down* to work regular rows in these repeats, the row numbers will change from those given in the directions. You will finish working the stitches remaining from the *last regular row* worked.

Here are the rows worked for each repeat:

1. [11-18]; **2.** [19-26]; **3.** [27-34]; **4.** [35-42]; **5.** [43-50]; **6.** [51-58]; **7.** [59-66]; **8.** [67-74];
9. [75-82]; **10.** [83-90]; **11.** [91-98]; **12.** [99-106]; **13.** [107-114]; **14.** [115-122]; **15.** [123-130];
16. [131-138]; **17.** [139-146]; **18.** [147-154]; **19.** [155-162]; **20.** [163-170]; **21.** [171-178];
22. [179-186]

Row 187: Ch 1, turn. Sc in each st and ch-1 sp across solid section. Sc in each st, and work 2 sc in each ch-2 sp across lacy section. Finish with sc in top of ch-3 turning ch. (62 st)

Bottom Edge:

The bottom edge is worked along the length of the lacy side of your piece. Instead of turning your work, rotate it so that you can crochet into the row ends along the lacy edge.

In the first row end and in each row end across, work (sc, ch 2, sc). Work into the spaces instead of into the stitches themselves as much as you can. [Notice that 2 sc will be next to each other as you work across the edge.] An exact count for this side is not necessary. If you miss a row end, it's likely not to matter as long as this edge looks good to you. It will be blocked with some aggression to pull out the lacy look, so you will want to include as many row ends as you can when you crochet it.

Side Edge:

Work this edge along only one of the two short sides. The remaining short side will be used later to turn the flat piece into a poncho. Make sure you work it on the same side (front vs. back) of the panel as you worked the bottom edge. Rotate piece and work (sc, ch 2, sc) in 1st st. *Skip next st, and work (sc, ch 2, sc) in following st. Repeat from * across until 1 st remains. Sl st in last st. Fasten off.

Blocking:

Wet block your piece flat and somewhat aggressively to the dimensions given above. Pull out and pin the ch-2 spaces along the two edges. Allow the piece to dry completely overnight.

Forming the Poncho Shape: (see page 5)

Take the short side without the edge and bring it around to the end of the long side making sure not to twist it in the process. Pin it in place matching stitches the best that you can. Right sides should be together so your seam ends up along the inside of your work. Attach yarn, and work (ch 1 and sl st) in same st. (Ch 1 and sl st) in following st and in each remaining st across side. Fasten off.

Forming the Neck:

The neck is worked in rounds with rapid decreasing around the top of the poncho.

Round 1: Attach your yarn at the point of the seam just created on the *outside* of the poncho. Work 143 sc around the top of the neck. Join the round with a sl st in 1st sc made. (143 sc)

Round 2: (decrease round) Ch 1, and *work sc decrease over 2 st. Sc in each of next 11 st. Repeat from * around. Join round with a sl st. (132 sc)

Round 3: (decrease round) Ch 1, and *work sc decrease over 2 st. Sc in each of next 10 st. Repeat from * around. Join round with a sl st. (121 sc)

Round 4: (decrease round) Ch 1, and *work sc decrease over 2 st. Sc in each of next 9 st. Repeat from * around. Join round with a sl st. (110 sc)

Round 5: (decrease round) Ch 1, and *work sc decrease over 2 st. Sc in each of next 8 st. Repeat from * around. Join round with a sl st. (99 sc)

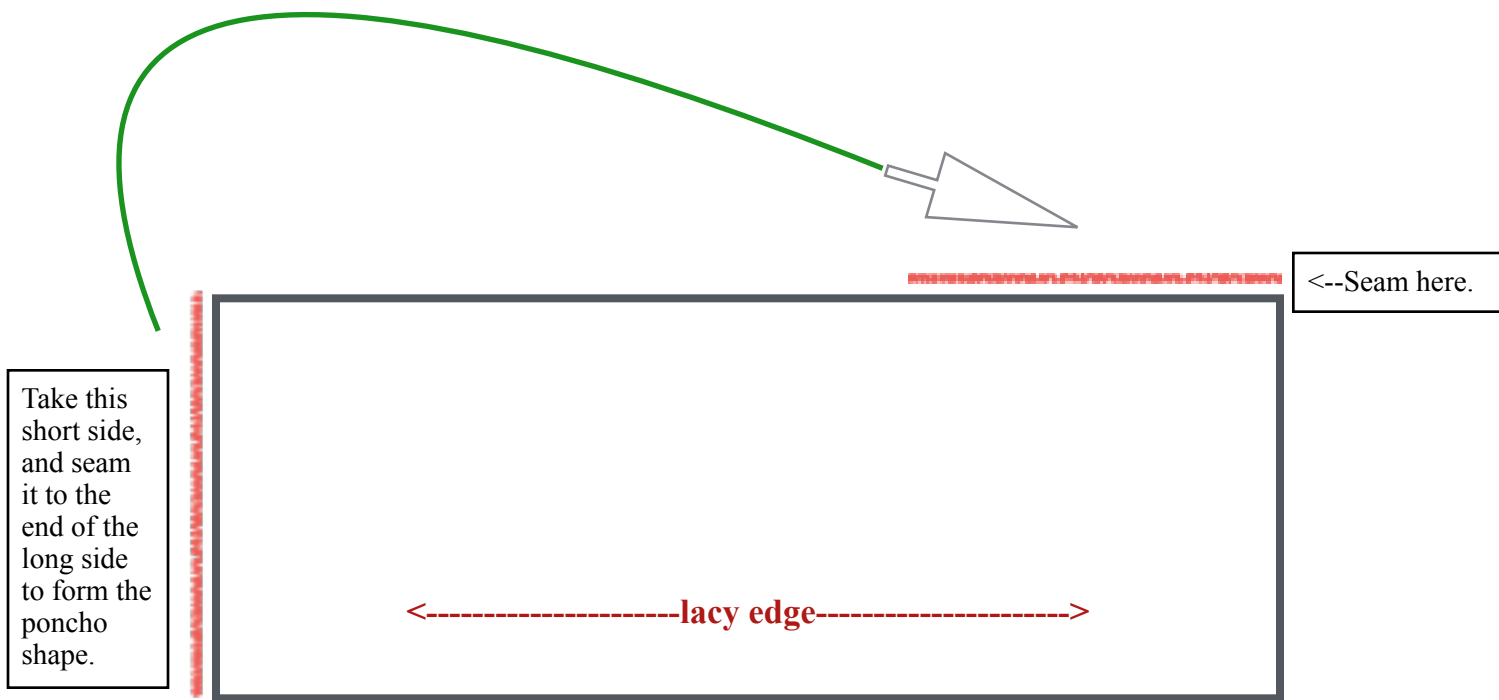

Round 6: (decrease round) Ch 1, and *work sc decrease over 2 st. Sc in each of next 7 st. Repeat from * around. Join round with a sl st. (88 sc)

Neck Edge:

Ch 1, and work a sl st in same st. *Ch 1, and sl st in next st. Repeat from * around. Join round with a sl st in 1st st. Fasten off, and weave in all remaining ends. *Enjoy!* [I had 48g of yarn remaining.]
