

"Winter Waves" Beanie & Slouch (Reversible)

Designs by Jennifer Pionk aka A Crocheted Simplicity ~ All Rights Reserved.

Materials

- Yarn: Light Worsted Weight / 4 **See note below
- Crochet Hooks: J/10/6.00mm
- Yarn Needle

Experience Level

- Intermediate

Gauge

- See page 2 for gauge swatch instructions & gauge

Sizing

- Baby: 15" (180-200 yards)
- Toddler: 16" - 17" (210-250 yards)
- Child: 18" - 19" (220-260 yards)
- Teen / Adult Small: 20" - 22" (230-270 yards)
- Adult Medium / Large: 23" - 24" (240-280 yards)

Notes

- Beginning chain(s) are not included in stitch count unless noted otherwise.
- I crochet more tightly than most. You may need to go down a hook size or two to meet gauge.
- First stitch of each row is worked into the same stitch as beginning chain, unless stated otherwise.
- Caron Simply Soft, Red Heart Soft, and Lion Brand Wool Ease were used for prototypes. You can use another Light WW yarn as long as it's similar in thickness and you match gauge. If you use a thicker WW yarn, your beanie will come out a little bigger and some stitches may not lay as nicely.
- Please read page 2 for an introduction to working short rows and look over the photos on page 12.
- **Note:** The band of your completed hat will come out much smaller than you're used to, but that is because of the stretch of the stitch pattern.

****See page 15 for photos of the reverse side**

Stitch Guide

- ch: chain
- sl st: slip stitch
- sc: single crochet
- hdc: half double crochet
- st(s): stitch(es)
- yo: yarn over
- BLO back loop only
- cluster st: see special st definition below

Note: See the last page for instructions on how to adjust the width of your hat band.

Special Stitch

- **cluster stitch (cluster st):** yo, insert hook into designated st, yo, pull up a loop, yo, draw thru first 2 loops on hook (2 loops remaining), yo, insert hook into same st, yo, pull up a loop, yo, draw thru 2 loops on hook (3 loops remaining), yo, insert hook into same st, yo, pull up a loop, yo, draw thru 2 loops (4 loops remaining), yo, draw thru all 4 remaining loops.

Gauge & Gauge Swatch

Gauge: In st pattern as written in the instructions below: 19 sts = 4.75" and 16 rows = 4"

Note: This gauge swatch is worked in the stitch pattern that comprises the majority of the hat.

Note: This entire section is worked in **Back Loops Only** and the first st of each row is worked in the same st as ch 1. Make sure to double check your ending st count, especially on the rows of sl st only as it's easy to miss a st or two.

Note: The biggest piece of advice I can give you, that will make this pattern much more enjoyable, is to make sure you work your sl sts loosely. If you do not, working the next row will be much harder than it needs to be.

Row 1: Ch 20, sl st in 2nd ch from hook, sl st in next 4 chs, [hdc in next ch, cluster st in next ch, hdc in next ch, sl st in next 4 chs] work from [to] twice. 19 sts

Row 2: Ch 1, Turn, sl st in each st across. 19 sts

Row 3: Ch 1, Turn, sl st in next st, [hdc in next st, cluster st in next st, hdc in next st, sl st in next 4 sts] work from [to] twice, hdc in next st, cluster st in next st, hdc in next st, sl st in last st. 19 sts

Row 4: Repeat Row 2. 19 sts

Row 5: Ch 1, Turn, sl st in next 5 sts, [hdc in next ch, cluster st in next ch, hdc in next ch, sl st in next 4 chs] work from [to] twice. 19 sts

Row 6: Repeat Row 2. 19 sts

Rows 7 thru 16: Repeat Rows 3 thru 6, ending with a row 4. 19 sts

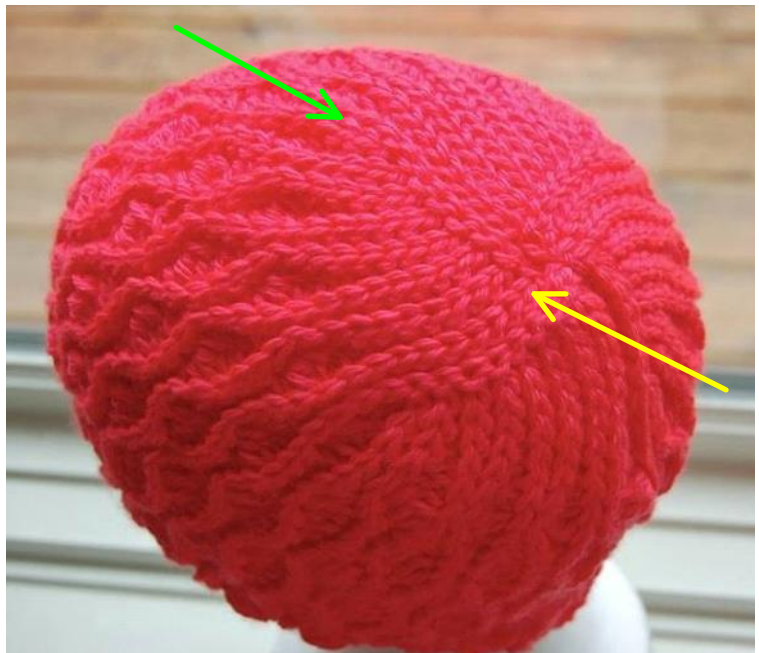

Fasten off. Your swatch should measure 4.75" W X 4" H.

Before You Begin: Let me introduce you to "Short Rows"

- Short rows are used to add a 3 dimensional shape to garments and provide a much nicer fit. They are more commonly seen in knitted garments (a couple of examples are the crown of a hat, or the bust of a sweater), but are also found in crochet as well (heel of a sock). They can be worked in the round or in rows. Techniques for working them vary depending on the garment you're making and the desired look and fit.
- For this pattern, you will be working short rows in "rows" (a technique also referred to as working your hat "sideways"). Your hat will be worked flat and photos of what you can expect it to look like can be seen on page 11. When completed, the crown of your hat will resemble a "pinwheel". **See photo below.

Photo to the Right: The yellow arrow is pointing at the first row of a section and the green arrow is pointing at the last row of a section. Note how they get progressively shorter, hence their name "short rows".

Note: The number of sections for each hat varies based on which size you're making. The crown shown in the photo to the right is from a child size hat.

Baby 15"

Note: Changes for the style of the hat are written as follows: **Beanie - 6.25"** (Slouch - 8") *Length measurements after seam.*

Note: This entire section is worked in **Back Loops Only** and the first st of each row is worked in the same stitch as ch 1. Make sure to double check your ending stitch count, especially on the rows of sl st only as it's easy to miss a stitch or two.

Note: The biggest piece of advice I can give you, that will make this pattern much more enjoyable, is to make sure you work your sl sts loosely. If you do not, working the next row will be much harder than it needs to be.

Tip: The crown of this hat is worked in short rows. If you haven't worked short rows before, I suggest placing a scrap of yarn in the 1st st of each row that is highlighted **purple**.

Band Width: As written, the band width is 1". If you'd like a wider band, see the last page for adjusting it.

Row 1: Ch 28 (35), working into the back hump of the chain, sl st in 2nd ch from hook, sl st next 9 chs, [hdc in next ch, cluster st in next ch, hdc in next ch, sl st next 4 chs] work from [to] **twice** (3 times), sl st in last 3 chs. 27 (34) sts **Mark as the Right Side.

Teen / Adult Small ~ 20" – 22"

Note: Changes for the style of the hat are written as follows: **Beanie - 8.25"** (Slouch - 10") (**Super Slouch 11.75"**) *Length measurements after seam.*

Note: This entire section is worked in **Back Loops Only** and the first stitch of each row is worked in the same stitch as ch 1. Make sure to double check your ending stitch count, especially on the rows of sl st only as it's easy to miss a stitch or two.

Note: The biggest piece of advice I can give you, that will make this pattern much more enjoyable, is to make sure you work your sl sts loosely. If you do not, working the next row will be much harder than it needs to be.

Tip: The crown of this hat is worked in short rows. If you haven't worked short rows before, I suggest placing a scrap of yarn in the 1st st of each row that is highlighted **purple**.

Band Width: As written, the band width is 1-1/4". If you'd like a wider band, see the last page for adjusting it.

Finishing up a section Short Rows

Note: The hat shown in these photos is a Teen/Adult Small Super Slouch. Although st count and number of rows varies, from size to size, the instructions to work the short rows are the same.

The photo above shows the "Right Side" of the hat. Note how the crown is angled (on the right side of the photo). As you work each section it will angle towards the center of the crown.

The photo above is a close-up of the photo to the left. The white & blue scraps of yarn are placed in the 1st st of the 1st row of the first 2 sections. Note that the first section is complete and the second section is ready to be completed.

The photo above shows the "Wrong Side" of the hat. This is the side that you'll be working when you work the final sts of each section of the hat.

The photo above is a close-up of the photo to the left. The 1st section is completed. The 2nd section is from the hook to the blue yarn. Note the "ridges" between the hook and blue yarn. These are the unworked sts at the end of all even numbered rows.

The photo above shows the completed 2nd section. The unworked sts of each row have been worked into (up to and including the st with the blue st marker).

In the photo above, the hat has been turned to the right side. The first few sts of the 1st row of the 3rd section have been worked and a green st marker has been placed in the 1st st of that row.

Barely There Seam (Written Instructions)~ See Photo Tutorial Below

Note: Changes for sizes are written as follows: Baby (Toddler, Child, Teen/Ad Sm, Ad Med/Lg)

Keep working yarn on the inside of the hat. With *Wrong Side* on the inside, bring Row 1 to meet Row 60 (64, 72, 76, 80). Sl st rows together by inserting your hook in the FLO (insert hook from bottom to top) of st from Row 59 (63, 71, 75, 79), then inserting your hook in the remaining loop of Row 1 (insert hook from top to bottom), yo, pull thru all loops to complete sl st, repeat across. Fasten off. Weave in ends.

Closing Crown

Using a yarn needle and 8" piece of yarn, weave in and out of ends of rows of crown opening, pull tight to close. Weave in ends.

"Barely There" Seam (Photo Tutorial)

Sizes are written as follows: Baby (Toddler, Child, Teen/Ad Sm, Ad Med/Lg)

The most important part of creating this seam is your hook placement. Read the instructions carefully and take a moment to identify each loop before starting. Once you work the first one properly, the rest are a piece of cake...or pie...or whatever suits your fancy.

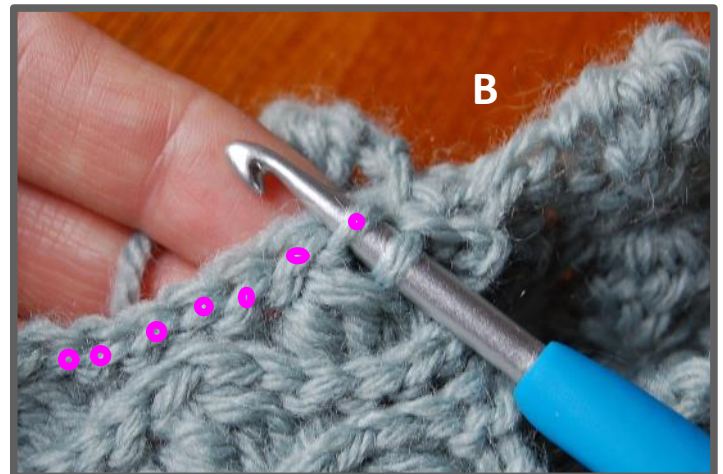

Photo A: First, let's identify the loops you'll begin each sl st in. The first step is to insert your hook under the *Front Loop* of the st from row 59 (63, 71, 75, 79). I've stuck a few needles in those front loops to help you identify them and marked others with a small pink dot. ****Note:** You're not working into the sts from row 60 (64, 72, 76, 80).

Photo B: Once you've identified the *Front Loops* from row 59 (63, 71, 75, 79), you're ready to begin. First, insert your hook under the *Front Loop* from row 59 (63, 71, 75, 79). You'll insert from the bottom as shown in the photo.

Continued on the next page...

Barely There Seam (Photo Tutorial) Continued...

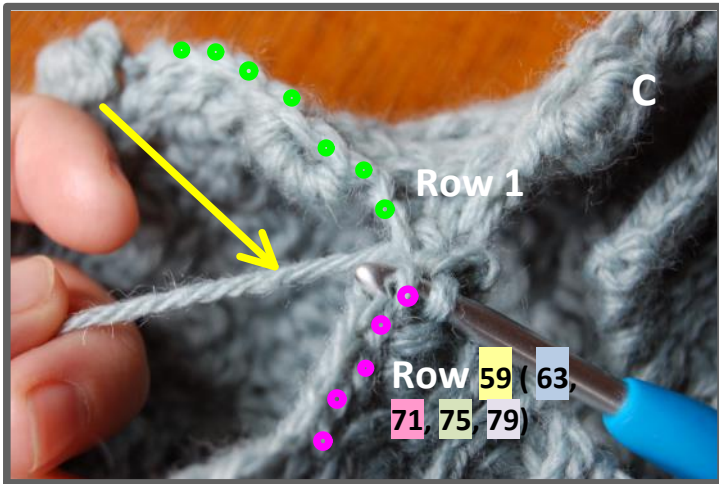

Photo C: Fold your piece in half bringing Row 1 up to meet Row 60 (64, 72, 76, 80) (right side on the outside). The following is very important: Make sure your working yarn is always on the inside of your folded piece before working into row 1. The working yarn should always be underneath your seam as you work. Identify the *Front Loops* of Row 1 (marked with a green dot). Identify the *Front Loops* of Row 59 (63, 71, 75, 79) (marked with pink dots). Identify the working yarn (marked with a yellow arrow).

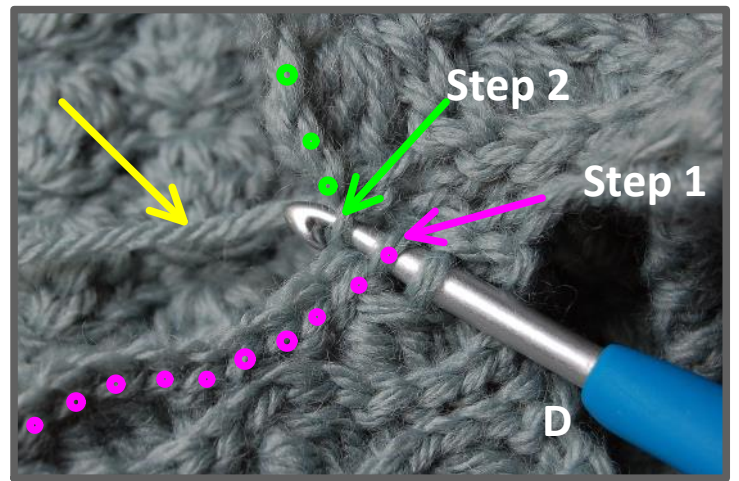

Photo D: All loops are identified the same as the previous photo. Your hook should already be under the *Front Loop* of row 59 (63, 71, 75, 79) (from photo B). Next, insert your hook, from top to bottom, thru the *Front Loop* of Row 1, as shown in the photo. Yarn over and pull thru all loops on hook to create the sl st. Repeat for each remaining st.

Photo to the left shows your seam after 6 sl sts.
Photo to the right shows your completed seam.

Fasten Off. Weave in ends. Close crown.

Adjusting the Width of the Band Baby/Toddler/Child (Adult Sm/Med/Lg)

- As written, the band is 1" (1-1/4") wide. If you'd like a 1-3/4" (2") wide band, add 4 to your foundation ch in Row 1, then work Row 1 as written. You will have 4 chs left at the end of the row, sl st in the remaining sts.
- Then for all *even* numbered rows, you will have to remember to add 4 to the number of sl sts you need to work for that row. **See Example below.
- Then for all *odd* numbered rows, you will work sl sts in the 4 remaining sts.
- **Example:** Adult Medium Beanie
 - Row 1: Pattern is written to ch 40, if you'd like a wider band you will ch 44 then work as written. You will have 4 chs left at the end of Row 1, sl st into the last 4 chs. St count increases by 4.
 - Row 2: sl st in the next 38 sts, but you added 4 to each row so you'll need to sl st in the next 42 sts.
