This pattern has convenient navigation through pages and links to YouTube video tutorials. If any of these links are not active, download the file on your device and ensure you are using the correct PDF reader.

The YouTube video on the gauge swatch has time codes that will navigate you inside the video through rows and special stitches.

Introduction

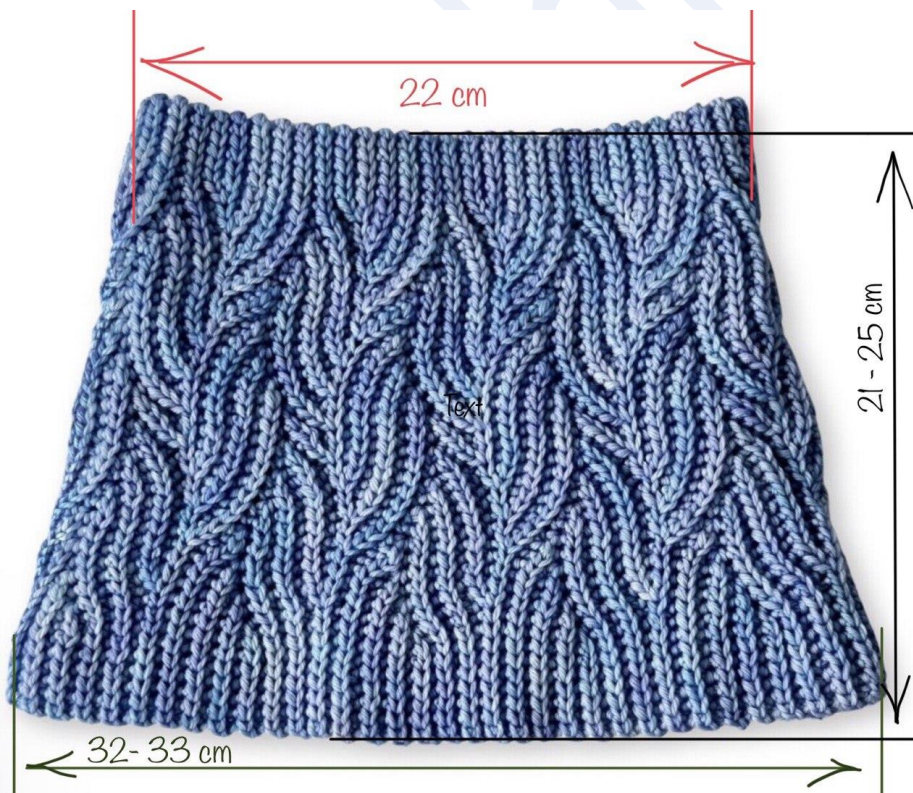

We are extending our experience of working with the Hazel crochet stitch pattern.

The Falls Neck Warmer makes a perfect and pretty set with the Hazel Crochet Hat or the Hazel Crochet Beret.

The Hazel stitch pattern is created using short rows and slip-stitch variations smoothly integrated into the upper and lower ribbing edges. At the end of the work, two vertical edges are seamed together with a tapestry needle.

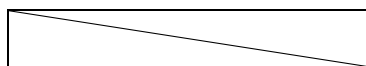

The neck warmer is worked vertically, flat, in one piece. Repeating panels are structured to compose a trapezoid flared neck warmer shape for reliable and beautiful protection from cold and wind, with a super stretchy lower edge to allow a comfortable fit.

Measurements:

General recommendations

There are three variations based on a foundation chain count.

Panel 33	Panel 42	Panel 52
----------	----------	----------

Foundation ch count
Yarn meterage per 100 gr
Crochet hook size, mm
Approx. panel count
Panel height, sts

33	42	52
80 - 150	150 - 220	220 - 360
4.5 – 6	4 – 4.5	3.25 - 4
6 - 8	7 - 10	8 - 11
33	42	52

Here are the main steps

- ✓ Prepare the gauge swatch and take its measurements.
- ✓ Calculate the number of panels.
- ✓ Choose one of the provided basic panel height variations.
- ✓ Enjoy creating the beauty of your masterpiece.
- ✓ Block it.
- ✓ Ready to wear!

Materials

1. Yarn: 80 - 400m per 100 g. Approximately 100 - 200 g. Choose solid colours or hand-dyed yarns. Variegated yarns will obscure the stitch pattern but can add other exciting effects. Z-twist yarns will give a different stitch definition; not all of them can be recommended.
2. Crochet hook size 3.25 mm – 6 mm.
Recommended crochet hook Clover Amour as its shape gives the best yoslst definition.
3. Tapestry needle for seaming and weaving in.

Some examples:

Panel 42 st. 9 panels. 21 cm height.
Malabrigo Rios - 100 g = 192 m (100% merino wool), hook 4.5 mm.

Used 100 g.

Panel 52 st. 9 panels. 25 cm in height.
Papatya Batik 1 X 100 g = 360 m (100% Acrylic), hook 4 mm.

Used 75 g.

Panel 42 st. 8 panels. 24 cm in height.
Bernat Premium 1 X 198 g = 329 m (100% Acrylic), hook 4.5 mm.

Used 120 g.

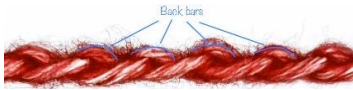

Panel 33 st. 6 panels. 24 cm in height.
Bernat Wavelength 1 X 140 g = 204 m (100% Acrylic) hook 5.5 mm.

Used 110 g.

Pattern stitches *(special stitches are clickable)*

BL – back loop; **lp** – loop; **ch** – chain; **st** – stitch.

In charts, **WS** (wrong side) rows are shaded blue. In written instructions, **WS** rows are shaded grey.

➔	- Beginning
2 1	- row number
12	- stitch count in the current row
3	- remaining stitch count of the row below
+	- Ch - foundation chain. Work in the back bars. 
↻	- ch1 - turning chain and turn the work clockwise, do not tighten it. Not counted as a stitch.
↻	- ch2 very tight – work two well-tightened turning chains at the lower ribbing edge for a neat elastic edge and balanced stitches, and turn the work clockwise.
↻	- ch1 tight - make this chain tighter for a neat edge and turn the work clockwise.
-	- slst - slip stitch
~-	- e-slst – edge slip stitch - insert the hook into the back loop from right to left (or from back forward) to twist it.
>	- yoslst - yarn over slip stitch (yarn over, insert the hook into the next unworked BL, pull up a loop, and pull it through the 2 loops on the hook. Note: the arrow represents the direction of work: > - wrong side row; < - right side row
-10	- stitch type count inside the row (starting from this stitch work indicated stitch count of specified stitch type).
<6	
*>	- yoslst tight –! Important to tighten it well, as shown in the video , by pulling the working yarn; it helps to reduce or eliminate loose loops at the lower edge and keep it neat.
v	- Inc-yoslst – yarn over slip stitch increase (yarn over, insert the hook first into the BL of the worked st below and then into the BL of the next unworked st below, pull up a loop, and pull it through two loops on the hook. Note: counted as one stitch. Note: work the next st in the last worked BL, already used in the increase).

- [Inc-slst](#) - slip stitch increase (insert the hook first into the BL of the worked st below and then into the BL of the next unworked st below, pull up a loop, and pull it through two loops on the hook. **Note:** counted as one stitch. **Note:** work the next st in the last worked BL, already used in the increase).

- [yo2slst](#) - slip stitch with 2 yarn overs (yarn over, insert hook into the top loop of the turning ch directly under the hook, pull the yarn to tighten the second loop on the hook, secure tension with your finger, yarn over, insert the hook into the next unworked BL below, pull up a loop (5 loops on the hook). Pull the first lp through 2 lps on the hook (3 loops on the hook), turn the tip of the hook backward, and pull the first loop through the remaining 2 lps).

- [p2l-yoslst](#) – 2 loops yarn over slip stitch (working yarn behind the work, insert the hook in one motion into 2 loops of the turning ch directly under the hook (3 loops on the hook), yarn over placing the working yarn on the hook between the live loop and two picked loops, secure its place with your finger (4 loops on hook), insert the hook into the next unworked BL below, yo, pull up a loop and pull it directly through all 4 loops on the hook).

- [dec-yoslst](#) – yarn over slip stitch decrease (yarn over, insert the hook first into the next unworked BL below and then into the following unworked BL below, pull up a loop and pull it through 2 loops on the hook. **Note:** work the next st into the next unworked BL below).

Gauge Swatch Instructions *(Watch video)*

All images show work in progress the way it looks on the right side.

Before starting your project, work on the gauge swatch to establish the suitable crochet hook size and density.

Choose a smaller hook size and a tighter gauge to achieve even stitches.

Pay particular attention to the ribbing stitches, especially the edge stitches, to look nice and even.

Block your swatch and give it time to dry completely. Then take measurements.

! Important Notes

1. Work the foundation chain loosely or use a hook 0.5 mm bigger than the one for your project.
2. Working in the foundation chain, insert the hook into the back bars.
3. All the rest are back loop (BL) stitches.
4. At the end of each short row, turn the work always clockwise.
5. The turning chain is not counted as a stitch.
6. Do not tighten turning chains inside the stitch pattern as they are to be used in the row above.

The total stitch count in the current row and the remaining stitch count of the row below are included at the end of all rows: total – (6), remaining – (10), or both (6, 10).

Without a slip knot , ch 25, ch 1 tight.

Row 1. Starting in the 2nd ch from the hook, in the back bars 14 yoslst, ch1, turn (14, 11).

Row 2. 13 yoslst, yoslst tight, ch2 very tight, turn (14).

Row 3. 8 yoslst, ch1, turn (8, 6).

Row 4. 7 yoslst, yoslst tight, ch2 very tight, turn (8).

Row 5. 7 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (11, 4).

Row 6. 10 yoslst, yoslst tight, ch2 very tight, turn (11).

Row 7. 10 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (14, 2).

Row 8. 4 yoslst, ch1, turn (4, 10).

Row 9. 4 yoslst, yo2slst, yoslst, yo2slst, 4 yoslst, 6 slst, ch1 tight, turn (17).

Row 10. 15 yoslst, ch1, turn (15, 2).

Row 11. Dec-yoslst, 7 yoslst, 5 slst, e-slst, ch1 tight, turn (14).

Row 12. 12 yoslst, ch1, turn (12, 2).

Row 13. Dec-yoslst, 4 yoslst, 5 slst, e-slst, ch1 tight, turn (11).

Row 14. 9 yoslst, ch1, turn (9, 2).

Row 15. Dec-yoslst, yoslst, 5 slst, e-slst, ch1 tight, turn (8).

Row 16. 6 yoslst, ch1, turn (6, 2).

Row 17. Slst, inc- slst, 4 slst, e-slst, ch1 tight, turn (7).

Row 18. 7 yoslst, [p2l-yoslst, yoslst]*five times, ch1, turn (17, 8).

Row 19. Slst, inc-yoslst, 7 yoslst, dec-yoslst, yoslst, inc-yoslst, 5 slst, e-slst, ch1 tight, turn (18).

Row 20. 18 yoslst, p2l-yoslst, yoslst, ch1, turn (20, 6).

Row 21. Slst, yoslst, inc-yoslst, 8 yoslst, dec-yoslst, ch1, turn (12, 8).

Row 22. 12 yoslst, p2l-yoslst, 4 yoslst, yoslst tight, ch2 very tight, turn (18).

Row 23. 8 yoslst, ch1, turn (8, 10).

Row 24. 7 yoslst, yoslst tight, ch2 very tight, turn (8).

Row 25. 4 yoslst, dec-yoslst, ch1, turn (5, 2).

Row 26. 4 yoslst, yoslst tight, ch2 very tight, turn (5).

Row 27. 5 yoslst, yo2slst, yoslst, yo2slst, 9 yoslst, yo2slst, yoslst, 5 slst, e-slst, ch1 tight, turn (25).

Row 28. 24 yoslst, yoslst tight, ch1, fasten off (25).

Gauge Swatch Chart

[illegible]

Videos:  inc-yoslst  yoslst tight  p2l-yoslst  dec-yoslst  inc-slst  yo2slst  e-slst

Calculations

Photo 1.

Gauge width, cm (W) – measure as shown in Photo 1., including only 6 ribs (12 rows).

Gauge height, cm (H) – measure as shown in the photo.

The swatch is **25 stitches** in height, this will be used for calculations.

Top edge circumference, cm (TC) – 44 cm.

Height, cm (Hn) – 21 - 25 cm.

How many panels?

$TC \div W = \underline{\hspace{2cm}}$ your number of panels.

Round this number to the nearest whole number.

It is possible to add or reduce one panel, depending on fitting results.

Panel Height

Gauge (G) = $25 \div H = \underline{\hspace{2cm}}$ (stitches per 1 cm)

Let's check the height (cm) of each of the three basic stitch counts.

$33 \div G = \underline{\hspace{2cm}}$ cm;

$42 \div G = \underline{\hspace{2cm}}$ cm;

$52 \div G = \underline{\hspace{2cm}}$ cm.

Choose the variation that is in the range of 21 - 25 cm or choose the height you desire for your neck warmer.

All your components are now ready! Refer to the corresponding panel instructions in the Application section below and start working on your masterpiece!

Panel 33 Instructions

Beginning Panel 33

The start of the 1st panel is different as we connect short rows to the foundation chain.

Without a slip knot, ch 33, ch1 tight.

Row 1: Starting in the 2nd ch from the hook, 6 yoslst, ch1, turn (6, 27).

Row 2: 5 yoslst, yoslst tight, ch2 very tight, turn (6).

Row 3: 5 yoslst, inc-yoslst, yoslst, yo2slst, 7 yoslst, ch1, turn (15, 19).

Row 4: 14 yoslst, yoslst tight, ch2 very tight, turn (15).

Row 5: 6 yoslst, inc-yoslst, yoslst, dec-yoslst, 5 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (18, 17).

Row 6: 17 yoslst, yoslst tight, ch2 very tight, turn (18).

Row 7: 8 yoslst, inc-yoslst, yoslst, dec-yoslst, 6 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (21, 15).

Row 8: 12 yoslst, ch1, turn (12, 9).

Row 9: Dec-yoslst, 9 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (14, 13).

Row 10: 4 yoslst, ch1, turn (4, 10).

Row 11: 4 yoslst, yo2slst, 6 yoslst, 5 slst, e-slst, ch1 tight, turn (17).

Row 12: 15 yoslst, ch1, turn (15, 2).

Row 18: 6 yoslst, ch1, turn (6, 2).

Row 19: slst, inc-slst, 4slst, e-slst, ch1 tight, turn (7).

Row 20: 7 yoslst, [p2l-yoslst, yoslst] *five times, ch1, turn (17, 8).

Row 21: Slst, inc-yoslst, 7 yoslst, dec-yoslst, yoslst, inc-yoslst, 5slst, e-slst, ch1 tight, turn (18).

Row 22: 18 yoslst, p2l-yoslst, yoslst, ch1, turn (20, 6).

Row 23: Slst, inc-yoslst, 10 yoslst, ch1, turn (12, 9).

Row 24: 12 yoslst, p2l-yoslst, yoslst, ch1, turn (14, 4).

Row 25: slst, inc-yoslst, 9 yoslst, dec-yoslst, ch1, turn (12, 2).

Row 26: 12 yoslst, p2l-yoslst, 3 yoslst, p2l-yoslst, 7 yoslst, yoslst tight, ch2 very tight, turn (25).

Row 27: 13 yoslst, dec-yoslst, ch1, turn (14, 10).

Row 28: 13 yoslst, yoslst tight, ch2 very tight, turn (14).

Row 29: 10 yoslst, dec-yoslst, ch1, turn (11, 2).

Row 30: 10 yoslst, yoslst tight, ch2 very tight, turn (11).

Row 31: 7 yoslst, dec-yoslst, ch1, turn (8, 2).

Row 32: 7 yoslst, yoslst tight, ch2 very tight, turn (8).

Repeat **Rows 1 – 32** of these instructions to complete working your number of panels.

Panel 33 Main. Chart

The puzzle is a 32x32 grid. The rows are numbered 1 to 32 on the right side, and the columns are numbered 1 to 32 on the bottom side. The grid contains various symbols and numbers. The symbols include '>', '<', '^', 'v', and 'I'. The numbers are placed in specific cells, often indicating a count or a value. The grid is divided into several regions by these symbols and numbers. The puzzle is titled 'Puzzle 1' and is part of a series of 10 puzzles.

Beginning Panel 52. Chart

Videos: v inc-yoslst > yoslst tight > p2l-yoslst ^ dec-yoslst I inc-slst ≡ yo2slst ~ e-slst

The Beginning instructions are no longer required.

See **Panel 52 Main** instructions, starting from **Row 21** onward, to complete this panel.

Panel 52 Main

Row 1: 8 yoslst, ch1, turn (8, 2).

Row 2: 7 yoslst, yoslst tight, ch2 very tight, turn (8).

Row 3: 7 yoslst, inc-yoslst, yoslst, [yo2slst, yoslst] *four times, ch1, turn (17, 8).

Row 4: 16 yoslst, yoslst tight, ch2 very tight, turn (17).

- Row 5:** 8 yoslst, inc-yoslst, yoslst, dec-yoslst, 5 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (20, 6).
- Row 6:** 19 yoslst, yoslst tight, ch2 very tight, turn (20).
- Row 7:** 10 yoslst, inc-yoslst, yoslst, dec-yoslst, 6 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (23, 4).
- Row 8:** 12 yoslst, ch1, turn (12, 11).
- Row 9:** Dec-yoslst, 9 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (14, 2).
- Row 10:** 4 yoslst, ch1, turn (4, 10).
- Row 11:** 4 yoslst, [yo2slst, yoslst] * five times, ch1, turn (14, 8).
- Row 12:** 12 yoslst, ch1, turn (12, 2).
- Row 13:** Dec-yoslst, 9 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (14, 6).
- Row 14:** 12 yoslst, ch1, turn (12, 2).
- Row 15:** Dec-yoslst, 9 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (14, 4).
- Row 16:** 12 yoslst, ch1, turn (12, 2).
- Row 17:** Dec-yoslst, 9 yoslst, inc-yoslst, yoslst, yo2slst, yoslst, ch1, turn (14, 2).
- Row 18:** 4 yoslst, ch1, turn (4, 10).
- Row 19:** 4 yoslst, [yo2slst, yoslst] * thrice, 7 slst, e-slst, ch1 tight, turn (18).
- Row 20:** 16 yoslst, ch1, turn (16, 2).
- Row 21:** Dec-yoslst, 6 yoslst, 7 slst, e-slst, ch1 tight, turn (15).
- Row 22:** 13 yoslst, ch1, turn (13, 2).
- Row 23:** Dec-yoslst, 3 yoslst, 7 slst, e-slst, ch1 tight, turn (12).
- Row 24:** 10 yoslst, ch1, turn (10, 2).
- Row 25:** Dec-yoslst, 7 slst, e-slst, ch1 tight, turn (9).
- Row 26:** 7 yoslst, ch1, turn (7, 2).
- Row 27:** Slst, inc-slst, 5 slst, e-slst, ch1 tight, turn (8).
- Row 28:** 8 yoslst, [p2l-yoslst, yoslst] * five times, ch1, turn (18, 8).
- Row 29:** Slst, inc-yoslst, 7 yoslst, dec-yoslst, yoslst, inc-yoslst, 6 slst, e-slst, ch1 tight, turn (19).
- Row 30:** 19 yoslst, p2l-yoslst, yoslst, ch1, turn (21, 6).
- Row 31:** Slst, inc-yoslst, 10 yoslst, ch1, turn (12, 10).

Row 32: 12 yoslst, p2l-yoslst, yoslst, ch1, turn (14, 4).

Row 33: Slst, inc-yoslst, 9 yoslst, dec-yoslst, ch1, turn (12, 2).

Row 34: 12 yoslst, p2l-yoslst, yoslst, ch1, turn (14, 2).

Row 35: 4 yoslst, ch1, turn (4, 10).

Row 36: 4 yoslst, [p2l-yoslst, yoslst] * five times, ch1, turn (14, 8).

Row 37: Slst, inc-yoslst, 9 yoslst, dec-yoslst, ch1, turn (12, 2).

Row 38: 12 yoslst, p2l-yoslst, yoslst, ch1, turn (14, 6).

Row 39: Slst, inc-yoslst, 9 yoslst, dec-yoslst, ch1, turn (12, 2).

Row 40: 12 yoslst, p2l-yoslst, yoslst, ch1, turn (14, 4).

Row 41: Slst, inc-yoslst, 9 yoslst, dec-yoslst, ch1, turn (12, 2).

Row 42: 12 yoslst, p2l-yoslst, 3 yoslst, p2l-yoslst, 9 yoslst, yoslst tight, ch2 very tight, turn (27).

Row 43: 15 yoslst, dec-yoslst, ch1, turn (16, 10).

Row 44: 15 yoslst, yoslst tight, ch2 very tight, turn (16).

Row 45: 12 yoslst, dec-yoslst, ch1, turn (13, 2).

Row 46: 12 yoslst, yoslst tight, ch2 very tight, turn (13).

Row 47: 9 yoslst, dec-yoslst, ch1, turn (10, 2).

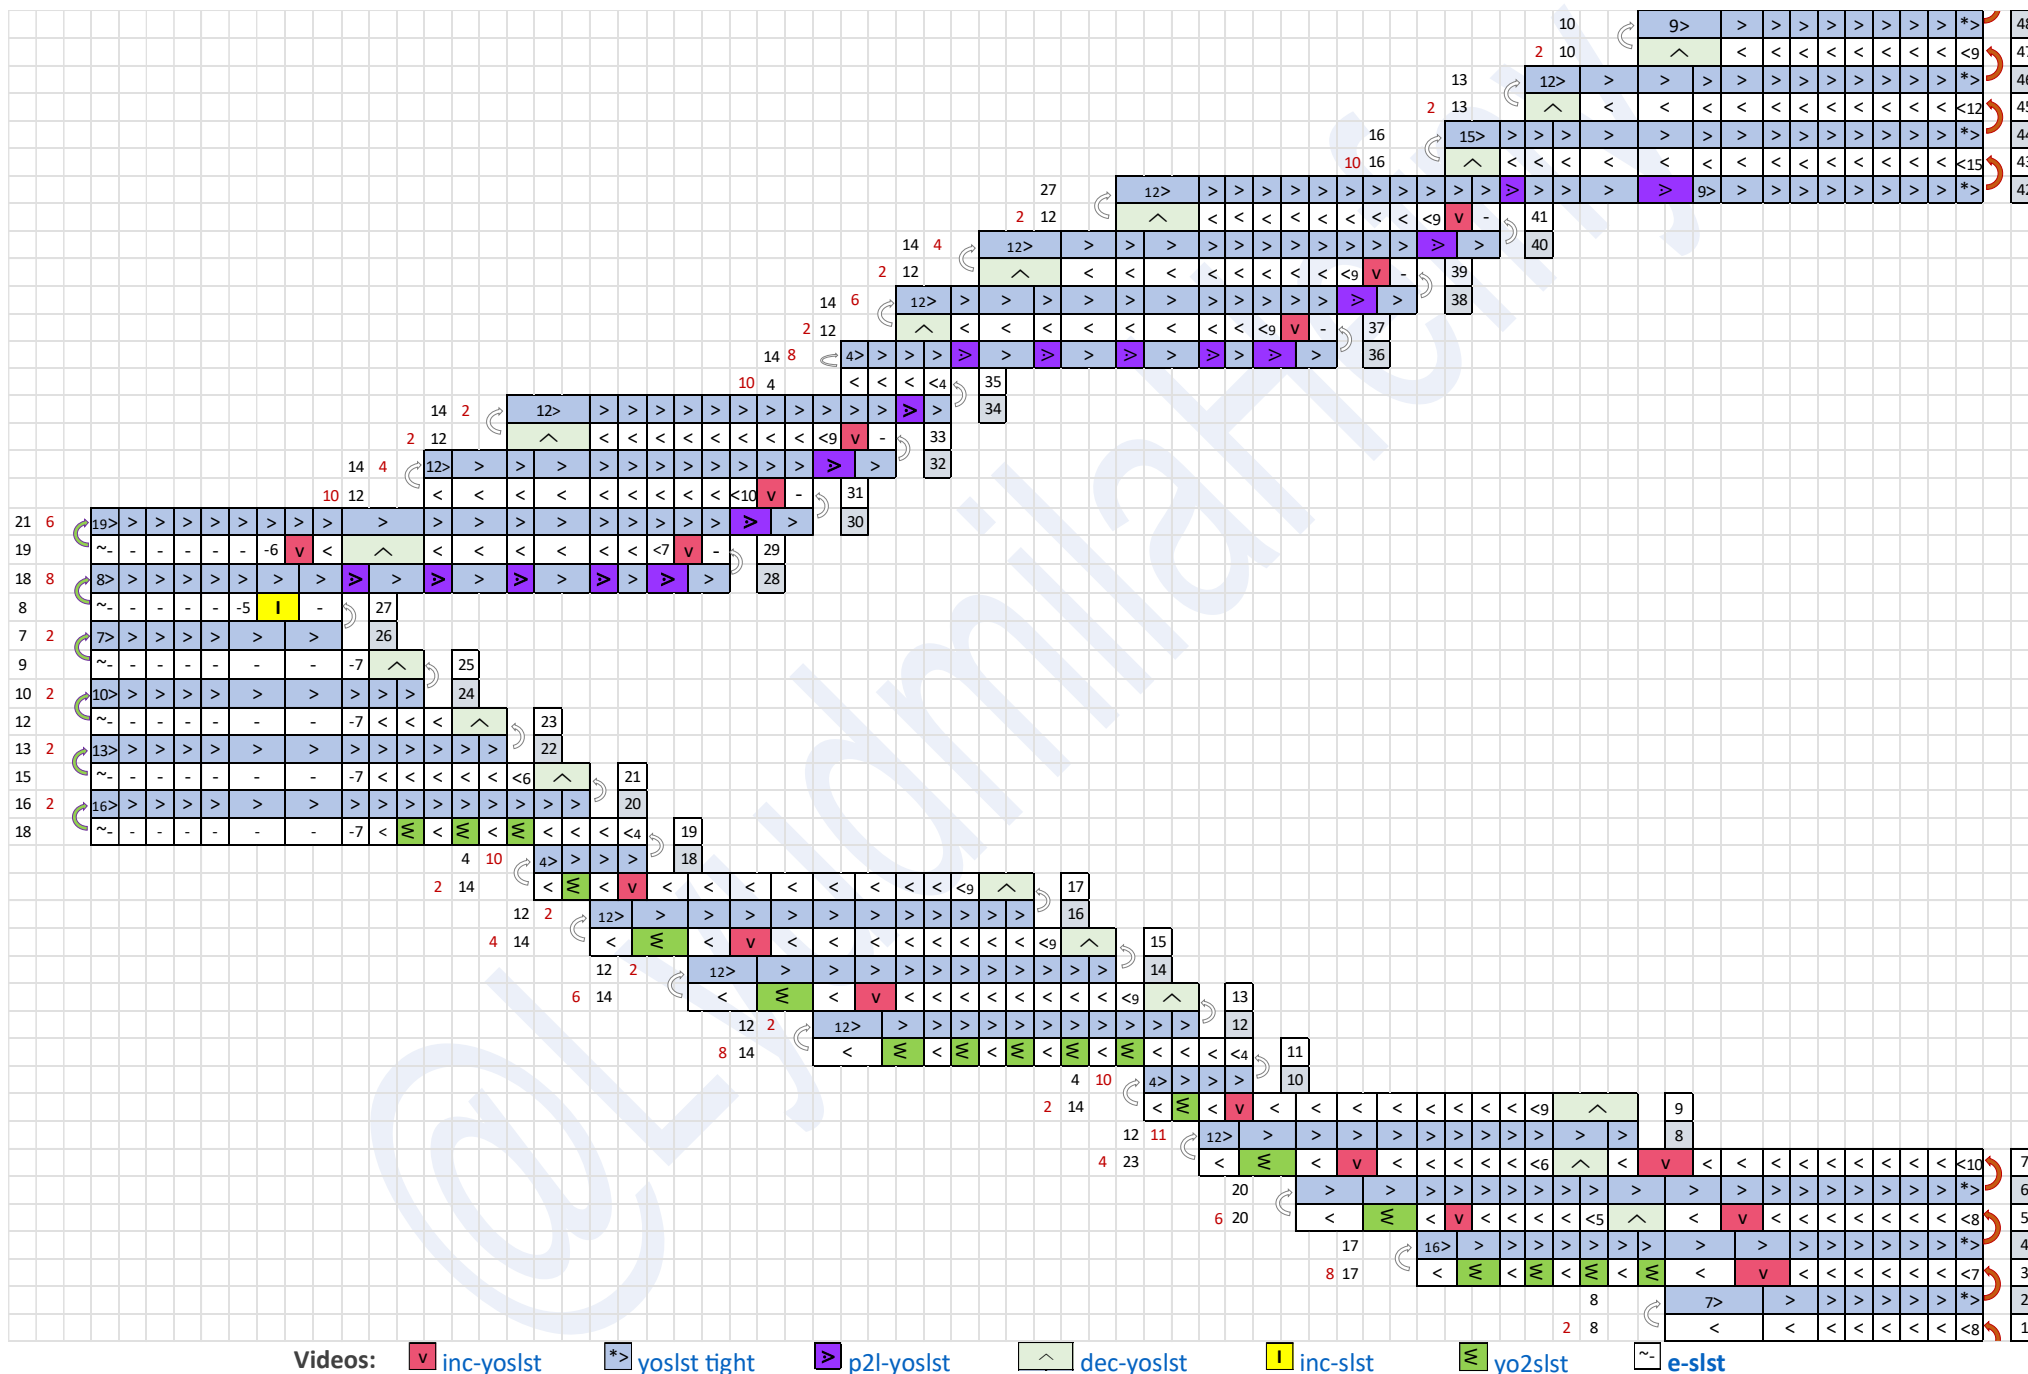

Row 48: 9 yoslst, yoslst tight, ch2 very tight, turn (10).

Repeat rows 1 – 48 of these instructions to complete working your number of panels.

Panel 52 Main. Chart

Finishing

After completing the last row of the final panel, fasten off, leaving a yarn end approximately double the vertical edge long for sewing, work ch2 very tight and pull the live loop until the yarn end is out.

Fold the neck warmer right side out, the vertical edges meet in the middle and the lower ribbing edge is on your right (see the picture below).

Thread the needle and start sewing ([watch the Assembly video tutorial](#)).

Weave in yarn ends once completed.

You are all done!

Now block your beautiful masterpiece following your yarn label.

Let it dry flat fully.

Remember to be proud of yourself and tag your posts with **#Falls_Neck_Warmer**
so everybody can admire your creation!
