Ma's Prairie Shawl

Crochet Pattern

Ashtin Pinos | 2020 | crababblecrafts.com | [@crababble_crafts](https://www.instagram.com/crababble_crafts)

This is an original pattern by Crab Abble Crafts 2020. Distribution of this document in whole or in part in any way is not allowed. You may sell finished work with this pattern, but please include pattern credit to Crab Abble Crafts or link back to crababblecrafts.com

Materials

Yarn: 3-5 balls of Lion Brand Jeans yarn, or 700-900 yards of similar weight 4 yarn.

Size 6.00mm hook

Scissors

Large Sewing Needle

Pattern Notes

Sizing and Fit: This pattern is a simple triangle shawl with two ties. You can make your triangle and ties as long as your want. For reference, the model shawl is approximately 70 inches across, not including i-cords. Remember when determining your length that you do not need your triangle points to touch behind your back as you will add 2 long cords that will be tied behind your back.

Stitch: You will use the linen stitch for this pattern. The linen stitch is *sc 1, ch 1, skip 1 stitch.

Triangle Point Formatting: For clarity, all stitches that are to be

placed in the triangle point will be in brackets [].

Supplementary Photos: Please refer to the Supplementary Photos for help with the pattern.

Skill Level and Terminology:

Pattern is advanced beginner and in US Crochet Terms.

Gauge

19 st x 17 rows = 4.25 inches x 4 inches

*Gauge is made using the linen stitch, also called the moss stitch.

Abbreviations

Ch - Chain

Sl st - Slip stitch

Sc - Single crochet

Dc - Double crochet

Tr - Treble crochet

Pattern

With 6.00mm hook:

Row 1: Ch 4. Sl st to the first ch to form a ring. Ch 3 (counts as a dc and ch 1). In the ring you just made, sc 1, ch 1, [sc 1, ch 2, sc 1], ch 1, sc 1, ch 1, dc 1. The stitches in between the [] are the stitches that make up the point of your triangle. Ch 3 and turn your work (Ch 3 counts as 1 dc and 1 ch).

Row 2: Sc in first ch 1 space. Ch 1. Sc in next ch space. Ch 1. [Sc 1, ch 2, sc 1] in the ch 2 space from the previous row (the point of the triangle). Ch 1. Sc in ch space. Ch 1. Sc in the last ch 1 space, ch 1, dc (You will have a single crochet, ch 1, and double crochet all in the last space). Ch 3 and turn your work.

Row 3: Sc in first ch 1 space. Repeat the stitch pattern of ch 1, skip 1 stitch, 1 sc, ch 1, skip 1 stitch to the point. [Sc 1, ch 2, sc 1] in the triangle's point. Continue with ch 1, 1 sc, skip 1 stitch to the end. Sc 1, ch 1,

dc 1 in the last space. Ch 3 and turn your work.

Row 4 and on: Repeat **Row 3** until piece measures 6 inches *shorter* than desired length and 16 inches *skinner* than desired width.

*For reference, the model shawl repeats **Row 3** 67 times, for a total of 70 Rows.

Row 71 (or Next Row): Ch 4 (counts as 1 tr and 1 ch). Dc in ch-1 space from previous row. *Ch 3, skip 1 sc, 1 ch-1 space, 1 sc and make one dc in next ch-1 space. Continue from * to the tip of the triangle. If you don't have 3 stitches to skip in order to place a dc into the triangle tip, that's okay. Ch as many stitches as you need to skip, and [dc, ch2, dc] in the triangle tip. Repeat the same number of stitches you made to dc in the tip on the other side so they are the same. *Ch 3, skip 1 sc, 1 ch-1 space, 1 sc and make 1 dc in next ch-1 space. Continue from * until you dc in the last ch-1 space. Ch 1 and tr in the last ch-1 space (The last ch-1 space will have a dc, ch 1, tr).

Image 1: Row 71 being worked.

Row 72: Ch 3. Sc in ch-1 space between the dc and tr. Ch 1, sk the dc *sc, ch 1, sc ch 1 in the ch-3 space from the previous row. Continue until you reach the triangle point. If your last gap before is not 3 chs, just continue sc, ch 1, sk 1 until you can place [1 sc, ch 2, 1 sc] in the point. Continue to the end of the triangle using the same method, ending with a sc, ch 1, dc in the last ch space. See Supplementary Photos section for working the triangle tip.

Row 73-81: Repeat **Row 3**.

Row 82: Repeat **Row 71**.

Image 2: Ending Row 71 with dc, ch 1, tr.

Row 83: Repeat **Row 72**.

Row 84-87: Repeat **Row 3**. Do not cut yarn.

Image 3: Working Row 71.

Ties

Next, we will add 2 i-cord ties to the shawl so it can be tied behind the back. You can make these as long as you would like.

Row 1: Ch 3. In the second ch from your hook, draw up a loop. Draw up another loop in the next stitch as well. 3 loops on hook.

Image 4: Starting the i-cord, 3 loops on hook.

Row 2: Carefully take the left loop and the middle loop off your hook. Pinch the loops with your fingers so

they do not come undone (1 loop on hook). Yarn over and draw up a loop. Don't pull too tightly or else your other loops will come undone.

Image 5: Take hook out of left 2 loops.

Insert your hook into the middle loop that you have been pinching (2 loops on hook). Yarn over and draw up a loop. Again, don't pull too tightly.

Image 6: I-cord after Row 2.

Repeat the process for the 3rd loop. When finished, you should have 3 loops on your hook again.

Row 3: Continue repeating Row 2. First, remove your hook from the middle loop and left loop, making sure to pinch these so they do not come undone. Yarn over and draw up a loop in each stitch individually until you reach the last one. Your i-cord might look a little funky, but that's okay. It will start to loop more like i-cord once you make a few rows.

Row 4 and on: Repeat the process until the cord measures 12-20 inches long, or as long as you would like.

Finishing: To end the cord, yarn over and pull through all 3 loops on your hook. Cut yarn, leaving a 5 inch tail. Using a tapestry needle, sink the yarn into the tip of the i-cord.

Attach the yarn with a slip stitch on the opposite corner and repeat Rows 1-4 to make your second tie.

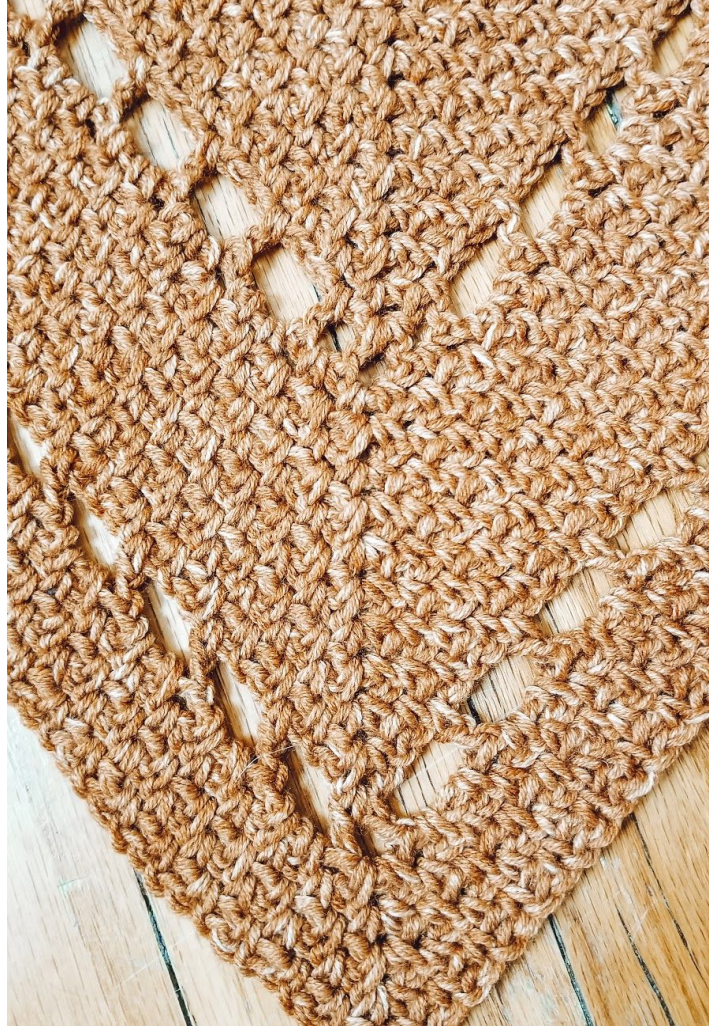

Supplementary Photos

Triangle tip after Row 71.

Triangle tip after Row 72.

Notice how the top row of double crochets doesn't end with a ch 3 space near the point.
