

Meadow Lace Shrug

Materials & Tools:

- 1. Yarn** GAZZAL Baby Cotton 50g = 165m, 60% Cotton, 40% Acrylic, **4 skeins**. For the shrug sample I used Claret (3442) colorway.
- 2. Hook size** 3,5 mm. Adjust hook size if necessary to obtain correct gauge.

3. Tapestry needle (to weave and hide yarn ends)

4. Scissors

Level: Intermediate or adventurous beginner

Gauge after blocking:

19 stitches and 9 rows = 11 cm

Size after blocking:

Length from top of neck, to bottom of shrug is **54cm** without ribbed collar. Width is **83cm** from end of sleeve to end of sleeve.

This pattern fits **S-L**. You can easily adjust the pattern to suite your body by creating a longer/shorter chain (**multiple of 19**) and crocheting for more/less rows.

Notes:

- The pattern uses US Terminology.
- This shrug is constructed from one large rectangle worked from the bottom up and seamed to create sleeves.
- Cuffs around the armholes and ribbed collar are worked directly into the main shrug instead of creating a ribbed piece and sewing it on.
- Ch1, ch3 and ch4 in the beginning of each row **do not** count as a stitches, so first single crochet, double crochet or treble crochet of each row is

made in last stitch of previous row.

- To adjust the length of the shrug, chain **a multiple of 19** plus 3.
- The pattern includes the stitch chart.

Stitches & Abbreviations (US terms):

ch – chain stitch

tch – turning chain stitch (doesn't count as a sc)

ASSEMBLY

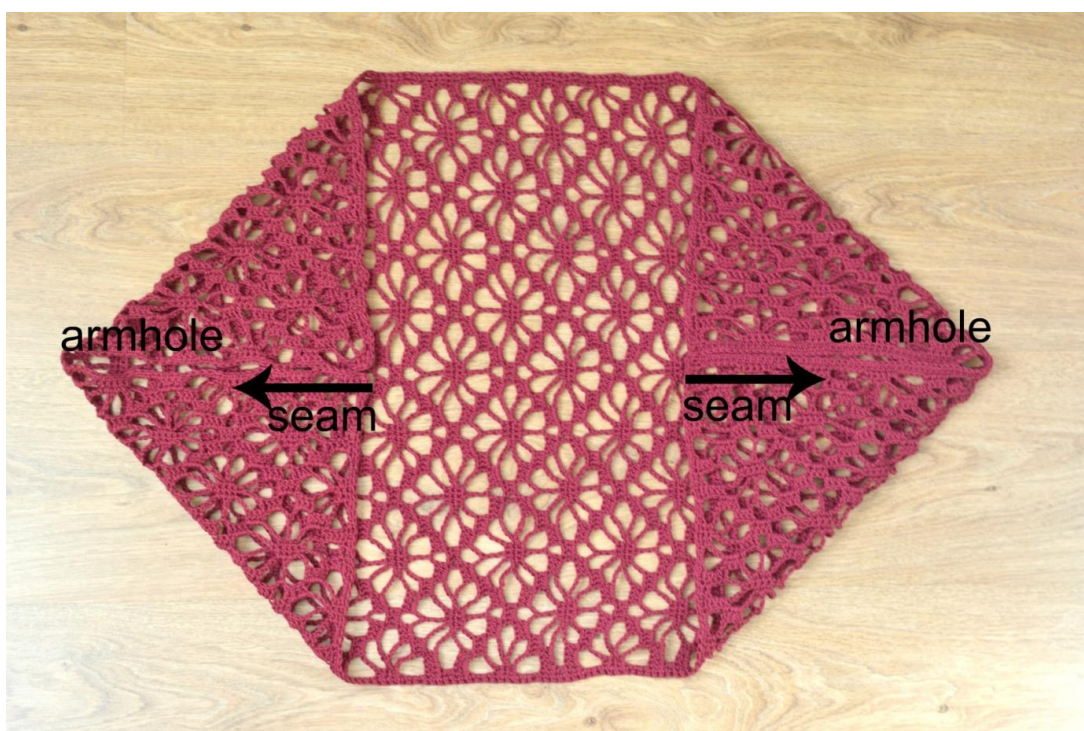

Make one round of single crochet stitches around the rectangle, creating a simple border.

Fasten off yarn, weave in all ends and block the rectangle.

**Creating arm holes:**

Place piece flat on the floor as pictured. Fold the corners of the body piece into the center. Use whip stitches (or different joining method you like) to join the arm edges together, approx. 8 cm in on each side. The part that is not sewn will be the opening for the armholes. Tie off and weave in ends.

Sleeve and collar trims

Now we are going to add a ribbed cuffs to both armholes and ribbed collar to the opening of the shrug.

Row 1: Pick any place on the edge of the armhole and attach your yarn with a slip stitch. Work 7 chains, starting with 2nd chain from hook, work 1 single crochet in each chain back to edge of sleeve. Join to the next stitch of the edge of sleeve using slip stitch and work one more slip stitch in the next stitch of sleeve (2 slip stitches in total for joining) plus make one chain. Turn.

Row 2: Starting from 3 stitch from hook, work single crochet in back loop of each stitch across (6 back loop single crochet). Turn.

Row 3: chain 1 (does not count as a stitch), single crochet in back loop in each stitch across (6 stitches). Join to the next stitch of the edge of sleeve using slip stitch and work one more slip stitch in the next stitch of sleeve (2 slip stitches in total for joining) plus make one chain. Turn.

Repeat Row 2-3 until you reach beginning Row 1. Then join your last row with the first row using the slip stitches.

Repeat for the second sleeve and for the opening of the shrug. You can also make longer trims by adding extra chains.
