Pattern Notes

1. All rounds are joined with a SS in the first stitch of the round.
2. The ch1 or ch2 at the beginning of each round does not count as a stitch.
3. Carry the color along the inside of the cowl to prevent having to weave in ends.
4. Round 14 you will sc at the top of each MBS and in the "stitch" between them. It's not technically a stitch but works for this purpose.
5. It may be helpful to use a stitch marker to identify the first stitch of each row.

Abbreviations and Stitch Guide

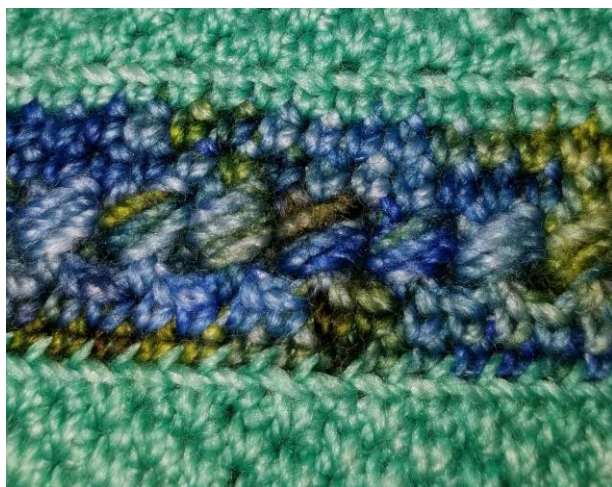

BLO	back loop only
CC	change color
CH	chain
CSSC	camel stitch single crochet
HDC	half double crochet
LSC	long single crochet
SC	single crochet
SK	skip stitch
SS	slip stitch
ST	stitch
MBS	modified bead stitch
YO	yarn over

Long Single Crochet:

Insert hook at the bottom of the sc in the previous row. The resulting sc is longer than a normal sc and gives it texture.

Modified Bead Stitch:

HDC in indicated st. YO, insert hook behind HDC and pull up a loop 3 times. YO and pull through all 7 loops on hook.

Camel Stitch Single Crochet

The camel stitch is a single crochet done in the third loop of the stitch. It gives the appearance of a knitted stitch. There are several good video tutorials available on line.

Pattern

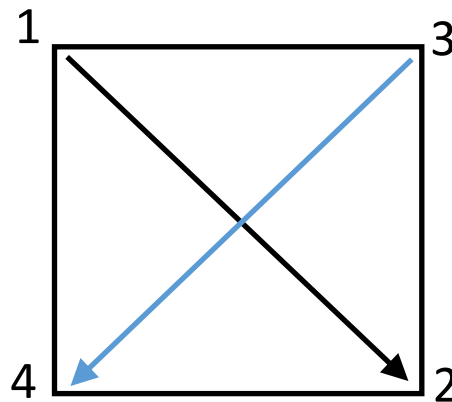

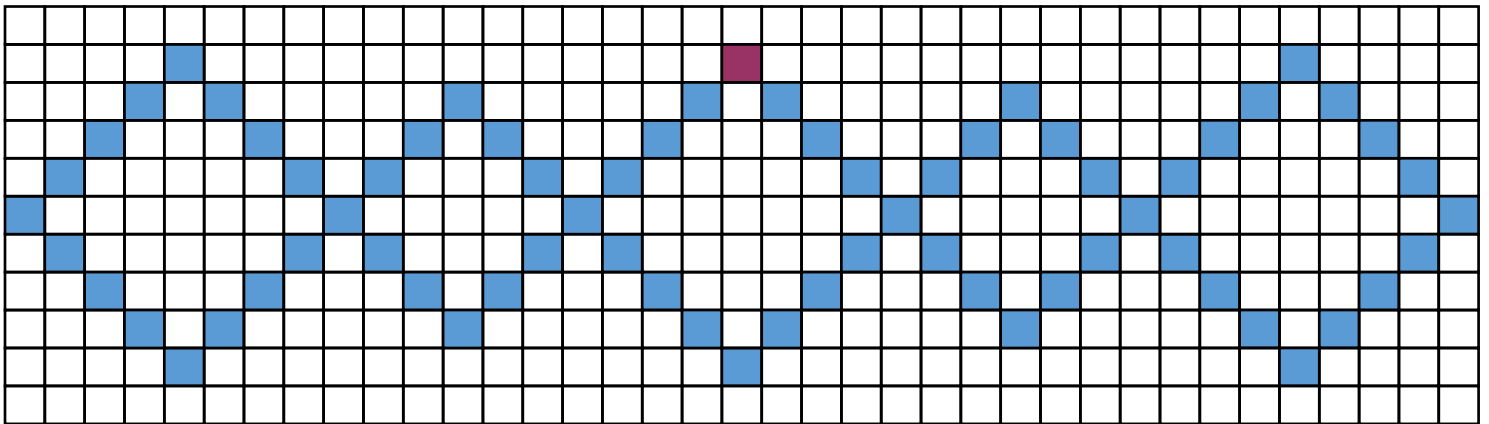

With Glacier Blue, ch 135, join with a ss in the first st being careful not to twist the chain. You can also start with a foundation sc if you wish.

Cross Stitch

Cross stitching on a crocheted item is fairly simple once you become familiar with the parts of sc that you need to cross stitch over. This will be done on rows 33-42. Each sc represents a block on the chart below. To identify the starting stitch (in purple) I counted to the 68th stitch on the second row down. To begin secure one strand of the main color by running it through the back of several stitches on the inside of the cowl. Pull up your needle at 1 and insert needle at 2. Pull up your needle at 3 and insert your needle at 4. That is considered one stitch. Be mindful that the top of each stitch is facing the same direction for all stitches. After your last stitch secure the thread by again running through the back of the stitches on the inside of the cowl. Feel free to use other cross stitch charts as there are many available on Pinterest.

I hope you enjoyed making the Moraine Lake Cowl as much as I had designing it! Designing and writing quality patterns takes many hours so kindly refrain from sharing. You may sell your finished product but producing in mass quantities for commercial or retail purposes is prohibited. Please feel free to send me any pictures of your finished projects!
