Notes:

Differences between Polar Star and Morning Star Poncho Sweater Patterns:

- Morning Star Sweater was designed for Light Worsted weight yarn (compare to Heavy Worsted weight yarn for the Polar Star Sweater).
- Morning Star Sweater instructions include sizes S/M and L/XL/2X (compare to one size fits most S – 2X for the Polar Star Sweater pattern).
- Bottom band, cuffs and cowl collar are made and joined as you go to the Morning Star Sweater, but made separately and sewed to the Polar Star Sweater.
- Square Motif is slightly different for the two patterns.
- Motifs are joined as you go in both patterns, but every other stitch is joined to the back loop of a stitch from adjoining motif in the Polar Star Sweater Pattern, instead of every stitch in both loops in the Morning Star Sweater Pattern. Polar Star instructions also include a video on joining motifs as you go.

US = UK crochet terminology:

sc = double crochet (dc), hdc = half treble (htr), dc = treble (tr), tr = double treble (dtr), dtr = triple treble (trtr), sk (skip) = miss, gauge = tension, yo = yarn over hook (yoh).

Special stitches, abbreviations, notes:

- **Colors abbreviations:** **A** – Dove Heather, **B** – Seraphim.
- **/swA, /swB:** when any stitch includes /swA or /swB it means that next st will be made with another color. Switch to another color while finishing the stitch: make last yo with next color and draw yarn through rem lps on hook.
- **Working with 2 colors:** Pick up yarn from the back. Grab one color always from top and another color from below to avoid tangling. When picking up next color, leave a strand on WS making sure it's not too tight or too loose. Alternatively, you can handle the yarn which is not currently used as in the tapestry crochet: align working end of currently not used yarn with the the prev row (slightly behind the row) and work sts in prev row and over other yarn at the same time. I found that using that technique makes the last round stretchy, so the prototype is made with leaving strands on WS.

Alternatively to leaving a strand on WS you can align working end of yarn currently not used with prev rnd and crochet over it.

Cons: may result in stretching your work and creating ruffle effect.

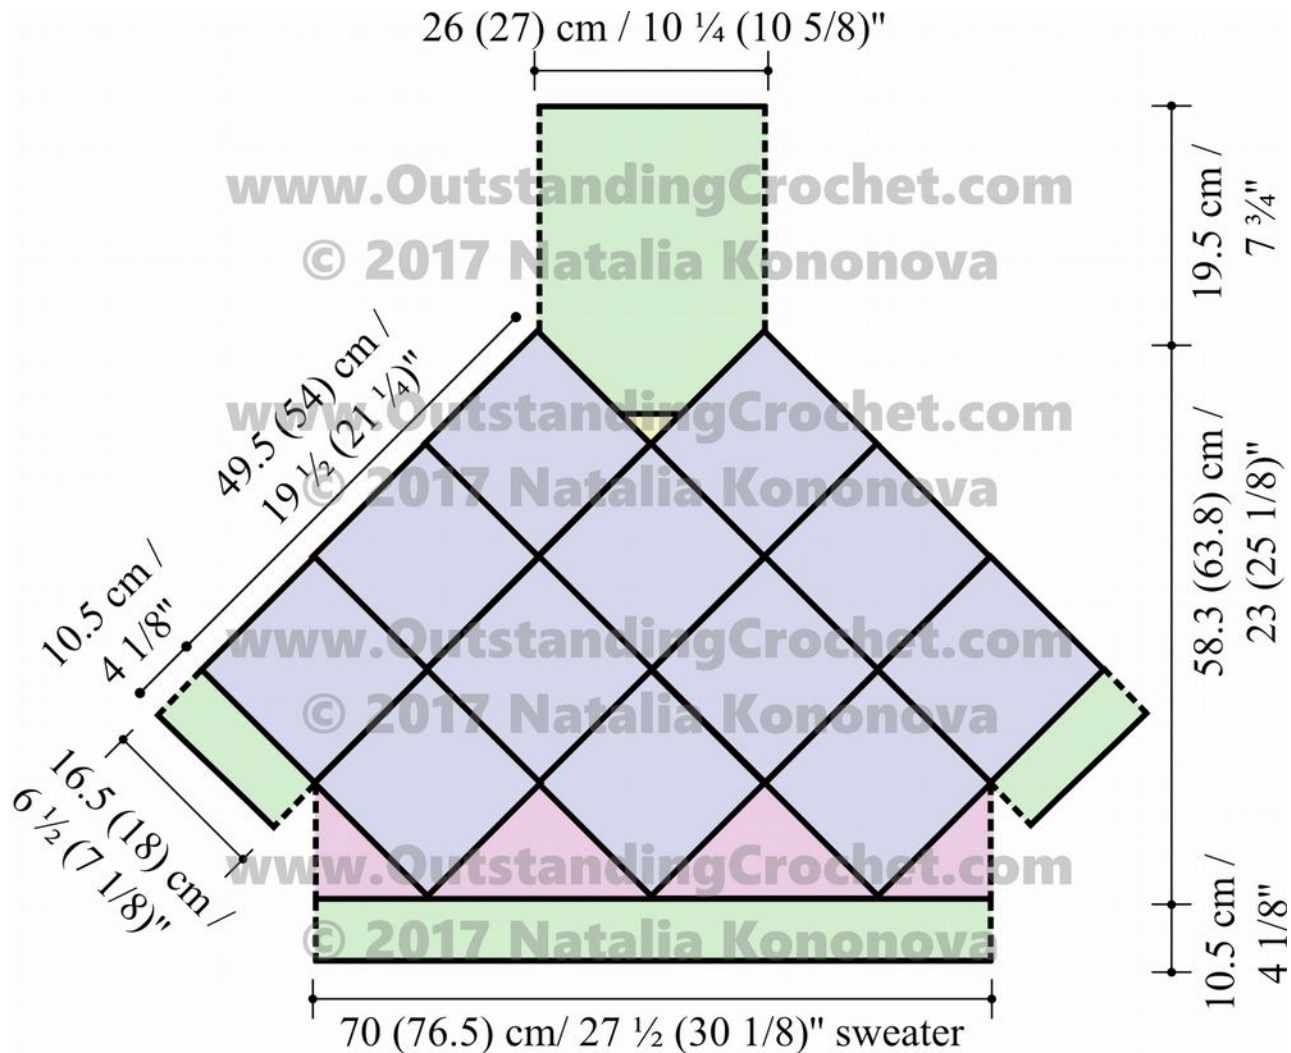

Compare left corner with a strand on WS and right corner with B-yarn hidden.

Cons: some can find it harder to handle 2 yarns and leave a right length strand. Hidden yarn can become visible bet sts on RS, especially if using thinner yarn.

- **Dc2inc, tr2inc, tr3inc:** increase, 2 or 3 double crochet or treble crochet in same stitch.
- **Dc2tog (dc3tog):** decrease, 2 (3) double crochet together.
- **Join as you go:** [make st that will be joined to adjacent st from another motif, take loop off hook, insert hook from RS in adjacent stitch from another motif, pick up lp, draw it through st]. To make next join rep bet []'s. Join every st of adjacent sides.

- **Fasten off:** fasten off, leaving 4" (10 cm) end.
- **Weave in:** thread tapestry needle with 10 cm (4") end, insert needle on WS under preferably the same color strands, draw yarn for about 2 cm ($\frac{3}{4}$ "), 2 - 3 times back and forth. Cut off end.
