

NINE YEARS OF
CROCHETUDE

A Bonita Patterns Celebration

LIANKA AZULAY

INTRODUCTION

“The meaning of life is to find your gift. The PURPOSE of life is to give it away.”

Pablo Picasso

Thank you for joining my nine-year career anniversary celebration by downloading this free e-book!

It's has been nine years of a lot fun, love, amazing achievements, punctuated by a few bumps and “learning opportunities” like any career. Yet, even during the tough spots, still the best career I could ever dream of and I see no end to it. I feel like designing crochet to infinity and beyond!

This e-book includes nine patterns for small, quick and relatively easy projects to encourage you to make lots of unique projects to gift, sell and hopefully to donate to those in your community in need of warm and love on these upcoming cold months.

I have also included a bonus article *“The Five Golden Rules of a Crochet Jedi Master”*, which I have applied on my work as a hobbyist and professional designer.

Finally, I'm also **offering a rare 20% OFF discount ENTIRE ORDER** (*excluding items on clearance*). I hope this tempts you to browse and perhaps purchase something on my shop. If you do, you will be a direct patron of “spoil a crochet designer spa day fund” so I can justify to my family that a day off treating my wrists and shoulders to a deep tissue massage is a business expense (oh lawdy, I'm rusted!). I'm just teasing you. *Purchase is not required, but quite appreciated.*

Enjoy your book and share your finished project pictures on our [Exclusive Facebook Group Bonita Patterns CALs](#).

Use code **NINEYEARS at www.bonitapatterns.com from **Saturday, October 5 – Monday, October 14, 2019**. (Offer does not apply to items on clearance).**

Child – Fits a 18 – 20" head circumference

Abbreviations:

Chain (ch)

Double Crochet (dc)

Double Crochet Two Stitches Together (dc2tog)

Front Post Double Crochet (FPdc)

Repeat (rep)

Single Crochet (sc)

Single Crochet Two Stitches Together (sc2tog)

Slip Stitch (sl st)

V-Stitch (V-st)

Yarn Over (yo)

Special Stitches Used:

Double Crochet Two Stitches Together (dc2tog):

Yarn over, insert hook in stitch indicated, and pull up a loop, 3 loops on hook. Yo, pull through 2 loops. Yo, insert in next st, pull up a loop, 4 loops on hook. Yo, pull through 2 loops, 3 loops on hook. Yo, pull through all 3 loops.

Front Post Double Crochet (fpdc): Yo and insert hook from the front to the back around the post of the dc of previous row. Complete as for a regular dc stitch.

Single Crochet Two Stitches Together (sc2tog): insert hook in stitch indicated, and pull up a loop, 2 loops on hook, Yo, pull through both loops.

V-Stitch (V-st): Work (1 dc, ch 1, 1 dc) in stitch indicated.

Pattern Notes:

1. Ribbed band is work in rows and hat is worked in rounds from bottom to top.
2. Ribbed band of hat is worked first as a strip, then joined to form a ring. The first round of hat, where the scale section begins, is crocheted in row-ends of ribbed band.
3. In short, the “crocodile stitch” is formed by a two-row repeat: a row of V-sts followed by a row of scales (or shells). This is a fairly easy pattern to execute and fast to memorize. The only novelty about this design is **that the scales are crocheted in front of the V-sts with clusters of front post double crochets (fpdcs) from top to bottom, then from bottom to top**, as opposed to working them on top of the row, like in most shell patterns.

Pattern Notes:

- 1- The beauty of knitted embossed leaves has been “translated” to crochet in this ***Embossed Leaves Reversible Scarflette***. This pattern is rated as intermediate. The skills required to complete this project are: crocheting in the rows, chain (ch), slip stitch (sl st), single crochet (sc), double crochet (dc), V-stitch (**in this pattern, the V-st is made of: hdc 1, ch 1, hdc 1**), front post double crochet (FPdc) and back post double crochet (BPdc).
- 2- The scarflette can easily be customized in size to become a long scarf. Instructions will be given for modifying the pattern to your preference.

Finishing Ties: make 2 following same directions

The finishing ties were made by a crochet I-cord, with leaves added at each end, as follows:

Directions for I-Cord:

Ch 3

Row 1: Insert hook in second ch from hook, pull loop through, **retaining all loops on hook** (insert hook in next st, pull loop through) twice. There will be 3 loops on hook.

Row 2: Drop the last 2 loops from the hook, leaving only the first loop on hook, hold on to the dropped loops with your non-hook hand so they don't come undone, yo and pull through loop on hook completing a sl st, reinsert the hook into the next dropped loop, yo, draw yarn through the picked up loop only (2 loops on hook), reinsert the hook into the last dropped loop, yo, draw through the picked up loop only (3 loops on hook).

Row 3 – Row 80: Repeat Row 2. – (3 sts)

Row 81: With all 3 loops on hook, yo, pull through all stitches on hook. – (1 st)

TIP: When working the I-cord, an important tip to avoid the last or 3rd sl st of the I-cord to unravel, is to hold this 3rd st by pinching it with your left thumb while working the 1st and 2nd sts.

Here you see the first Row 2 (3 sl sts) completed

Directions for Leaf Embelishment:

Once you finished Row 81 of I-cord:

Row 1: TURN, so wrong side of I-cord is facing you, Ch 3 (count as dc), 3 dc in same st as beg ch; turn. – (4 dc)

Row 2: Ch 2 (count as hdc here and throughout), 2 FPdc in next 2 sts, hdc in last st; turn. – (4 FPdc + 2 hdc = 6 sts)

Row 3: Ch 2, BPdc in next st, 2 BPdc in next 2 sts, BPdc in next st, hdc in last st; turn. – (6 BPdc + 2 hdc = 8 sts)

Row 4: Ch 2, FPdc in next 2 sts, 2 FPdc in next 2 sts, FPdc in next 2 sts, hdc in last st; turn. – (8 FPdc + 2 hdc = 10 sts)

Row 5: Ch 2, BPdc in next 3 sts, 2 BPdc in next 2 sts, BPdc in next 3 sts, hdc in last st; turn. – (10 BPdc + 2 hdc = 12 sts)

Row 6: Ch 2, FPdc in next 4 sts, 2 FPdc in next 2 sts, FPdc in next 4 sts, hdc in last st; turn. – (12 FPdc + 2 hdc = 14 sts)

Row 7: Ch 2, BPdc2tog over next 2 sts, BPdc in next 2 sts, (BPdc2tog over next 2 sts) twice, BPdc in next 2 sts, BPdc2tog over next 2 sts, hdc in last st; turn. – (8 BPdc + 2 hdc = 10 sts)

Special Stitches Used:

Front Post Double Crochet (FPdc) – Yo and insert hook from the front to the back around the post of the dc of previous row. Complete as for a regular dc stitch.

Pattern Notes:

1. Slouch is worked in continuous rounds without joining. This will give a polished look without an unnecessary seam. Use stitch marker to keep track of your rounds if needed.
2. The use of a much larger hook than what is normally suggested for a worsted weight yarn is intentional to produce drape on the slouch.
3. The stitch pattern used makes the hat reversible where one side you have a ribbed look and the other you have a textured spiral look.

Directions for Slouch:

Using a magic ring to work in the round OR ch 4; join with sl st to form a ring:

Rnd 1: Ch 3 (does not count as a dc), 10 dc in ring, do not join here and throughout. Keep track of your rounds by using a stitch marker on first st of each round. - (10 dc)

1. The “Orchid Stitch” is formed by a two-row repeat: a row of V-sts followed by a row of flowers. This is a fairly easy pattern to execute and fast to memorize. It follows the same technique of the Crocodile Stitch and just like it, the stitches are crocheted in front of the V-sts, as opposed to working them on top of the row. The unique feature about this stitch is that instead crocheting dcs to make the petals, you’ll pull up loops, as we do when making puff stitches. Both sides of petals are worked from the top down around the V-st posts. A photo tutorial is provided to better illustrate the technique.

Special Stitch Abbreviations

Abbreviations:

Orchid stitch (OS): Working from top to bottom around **first post** of V-st, turn work so V-st is sideways and post of second dc is on the top (point of V-st will be facing left), (YO, insert hook around post and pull up a loop same height as previous st in working round) 5 times. There will be 11 loops on hook. YO, pull through 2 loops, (YO, pull through 3 loops) 4 times, YO, pull through 2 loops; (3 hdc, ch 1, 3 hdc) in ch-3 sp; working from top to bottom around **second post** of V-st, turn work so V-st is sideways and post of second hdc is on the bottom (point of V-st will be facing left), (YO, insert hook around post and pull up a loop same height as previous st in working round) 5 times. There will be 11 loops on hook. YO, pull through 2 loops, (YO, pull through 3 loops) 4 times, YO, pull through 2 loops.

Crocodile Stitch Rollup Flower

Designed by Lianka Azulay © 2012

- 1 ball of Aunt Lydia's crochet thread, Fashion 3 or 1 ball of Aunt Lydia's crochet thread in color of your preference. Colors used in pattern were: Goldenrod (yellow), or Pumpkin (orange) or (fudge brown) colorways
- Size D (3.25 mm) crochet hook
- Bead or button of your choice to adorn center of flower (optional)

Gauge:

Gauge is not critical for this project (I bet you are happy to hear that!).

Instructions:**Ch 95**

Row 1: Dc in 8th ch from hook, *ch 2, skip next 2 ch, dc in next ch, rep from * across; turn – (30 ch-2 sp)

Row 2: Ch 5 (3 beg ch counts as dc + ch-2), dc in next dc, * ch 2, dc in next dc, rep from * across; turn – (30 ch-2 sp)

Row 3: [Ch 2 (count as hdc), dc, 2 tr, ch 2, 2 tr, dc, hdc] in first ch-2 sp, [hdc, dc, 2 tr, ch 2, 2 tr, dc, hdc] in next ch-2 sp; rep across. Fasten off – (30 shells or petals)

A Note about Blocking: Your flowers will look more defined if the petals are blocked at this point, before finishing. Before finishing a flower according to instructions below, soak the strip in cool water until thoroughly wet. Gently squeeze out excess water and pin the strip to a flat surface. Pull each petal into a point and pin it in place. Remove only when completely dry. You can learn more about blocking crochet projects [here](#).

Finishing Flower: Roll the petal strip to form flower, and stitch through ch-2 sp to secure flower. You can also stitch flower in shape as you roll. Using beading needle or a fine sewing needle and thread, attach pearl to center of flower.

For a traditional car seat, mark where to sew on handle straps as follows:

- Find the 21st of scales. Counting from left to right, find the 7th scale, place marker. Still counting from left to right from the 7th scale of row 21st, count 3 more scales, place marker on 10th scale of the row (see picture below).
- Sew first rows of each strap on 7th and 10th scales of row 21st as you marked above.
- Sew on buttons on first row of each strap opposite of buttonhole.

Counting from left to right, find the 7th scale, place marker. Still counting from left to right from the 7th scale of row 21st, count 3 scales, place marker the 10th scale of the row. Sew handle straps over 7th and 10th scales as shown on red arrows below.

“The Five Golden Rules of a Crochet Jedi Master”

by Lianka Azulay

After almost 40 years of pleasure, frustration, challenges and lots of trial and error as both a hobby and professional crochet designer, I have come to develop a set of what I call My Five Golden Rules of Crochet. While I certainly don't claim to know everything—to this day and forever after I will always be learning new techniques and skills to expand my toolbox—I have found these core rules-of-thumb work best for me whenever I'm tackling a new project.

1 – Buy the best yarn you can afford

I'm no yarn snob. I don't crochet with hand dyed Vicuna and Cashmere; in fact, I crochet mostly with acrylic. But even acrylic yarns vary tremendously in quality, and it pays to get the best you can find that will suit your budget. I also work with wool and other natural fibers and blends (natural and acrylic or nylon blended together) and again if you make a little effort you can often find very affordable choices at a quality level that will make a world of difference in your final work.

Here is how I decide on what type of yarn I'm going to use:

- Small projects: Natural fibers. You only need a little bit, so maybe I can afford nicer yarns for projects like these. That is why I used the gorgeous 100% wool [rainbow yarn](#) for my [Crocodile Stitch Baby Booties](#). With only \$11 of yarn you can make *two* pairs of booties.
- Blankets and Afghans: Acrylic all the way! These items need to be washed often and are large. I'm not hand washing a blanket, no way, Jose! Plus, more expensive natural fiber yarns can get very expensive in these cases.
- Shawls: Natural fibers or blends, depending on the situation. Shawls tend to be airy and look better when using finer yarns. The thinner the yarn, the more yardage in a ball. It ends up being a better deal crocheting with lighter weight yarns. My [Crocodile Stitch Shawl](#) is an example. Even though the shawl needs a lot of yardage (about 1200 yards) but it uses a fingering weight [angora blend](#) with lots of yardage per ball and you only need 3 balls for the shawl.

2- Choose the best yarn considering the stitch pattern.

Have you notice how some stitches looks great with a certain yarn, and just a hot mess with another? My rule of thumb is:

- **Textured or intricate stitch patterns = solid color yarns or variegated with long transitions.**

The Crocodile Stitch is a great example. It is a highly textured stitch and what you want is to showcase its texture not a novelty yarn. Variegated yarns are great and I love them, but you must make sure that it has long transitions of colors. The ones with short transitions do not look good in showing any textured yarn.

- **Simple, plain stitch patterns = any type of yarn: solid, any variegated and novelty yarns.**

Any yarn goes here. Have fun. It's especially great for mindless, repetitive projects. Novelty and highly variegated yarns bring a surprise element while you crocheting and can make a simple project look very unique.

3 – Pay attention to gauge, know your own when and how to use it.

Yep, I'm a crochet designer and all my patterns include the phrase: **“CHECK YOUR GAUGE! Use any size hook to obtain gauge.”** Do I like to check gauge? Nope. Never did, never will. When I get a new pattern that I love, I just want to jump in and start crocheting the whole thing, and checking gauge first is tedious and boring and doesn't immediately make progress on your project in any obvious way.

But, what it does to is make it MUCH more likely that your finished project will be the right size and shape, especially for any kind of clothing! After many gigantic hats and skin-tight sweaters with sleeves two inches too short, I finally learned my lesson. For certain projects, there are just no short cuts.

Basically are my gauge rules of thumb:

Any projects with specific sizing: slippers, hats, clothing, gloves **MUST** check gauge.

Projects like shawls, blankets, afghans and scarves, gauge is not critical. **SKIP** it. These types of projects tend to be repetitive and easy to increase or decrease if needed.

If you need to learn more about gauge, here is a great tutorial from [New Stitch a Day](#). A great tool to have in your project bag is a [Knit and Crochet Gauge checker](#).

4- Blocking makes it ALL look better.

Blocking seems to be underrated in crochet. It is much discussed and pondered in knitting, but I hear little about the importance of blocking among crocheters. It's yet another extra step (again, not my favorite) but actually it can do wonders for your finished project. Not only will it clean the piece, but it sets the stitches, evens out edges, and sometimes it's even required to open up stitches and show the real beauty of lace crochet.

5- Buy the best tools you can afford

Any DIY master I've ever met is adamant that quality tools make an enormous difference. In crochet, hooks are our tools and my life literally changed when I started trying out new hooks to find the ones that gives me comfort. We are living in amazing times for our craft. For the longest time we use to have just a couple or three hook manufacturers. Now we seem to have way too many amazing options.

Because we all must budget our craft spending, I suggest whenever possible “test drive” or check the supplier refund policy on any new hooks you want to purchase. Also, you can start developing your crochet toolbox slowly, with just one or two of your favorite hook sizes. For me, those are sizes G (4.00 mm) and H (5.00 mm) hooks. If I love the hook brand, then you can build out the set over time.
