Notes

1. The Hooded Capelet is worked in two pieces (hood and cape) that are sewn together in the finishing stages. The Capelet section is crocheted in the round and the hood is crocheted as a flat piece.

2. This project uses the Crocodile Stitch for the embellished edges of Capelet and hood and *Puff* Stitches to produce a textured and warm outerwear.

3. In short, the Crocodile Stitch is formed by a two-row repeat: a row of V-sts followed by a row of scales (or shells). This is a fairly easy pattern to execute and fast to memorize. The only novelty about this design is **that the scales are crocheted in front of the V-sts with clusters of front post double crochets (fpdc) from top to bottom, then from bottom to top**, as opposed to working them on top of the row, like in most shell patterns.

4. The pattern is written for two versions: **Capelet** or **Poncho**. If making the **Capelet**, follow round numbers written in **black**. If making the **poncho** follow rounds numbers listed in **blue**.

5. In the pattern, instructions are given to size **Small – Large** in **black** font; changes for sizes **X-Large – XXX-Large** are in () and color coded in **red** for easy identification.
