

Free Pattern: Easy Ridges Thick Crochet Hat

an original pattern by Stace Clement a.k.a. Zonal on Ravelry

This original pattern design in US crochet terms may not be distributed or sold as your own, but **feel free to sell finished hats** made from this pattern!

level: beginner/intermediate

skills: know how to **ch** (chain), **sl st** (slip stitch), **hdc** (half double crochet), **fphdc** (front post hdc, which is the same as regular hdc except after the initial yarn over you insert hook not into the top loops but in & around the post itself & out the front, pulling body of **st** (stitch) toward you, then continue with yarn over & pull through so you have the three loops on the hook, then yarn over & pull through all three loops on hook as usual; if needed, youtube search 'front post half double crochet' for helpful video demos), & **bphdc** (same as fphdc except the hook is inserted from behind & around the post itself & out the back, pulling body of st away from you)

hook: K/6.5mm

yarn: two skeins **bulky** weight Loops & Threads Charisma yarn in complementary colors

As you go, **make a check mark** next to each completed row number to keep track of where you are.

Start with the color that will **not** be the final vertical ribbing around the bottom edge.

Leaving a ~4" tail, ch 4, sl st to 1st ch; starting loop made.

- row 1: ch 2 (**counts as 1st hdc** here & throughout), hdc 7 into center hole of circle while **carrying the tail** (hold it along parallel to the starting loop so that it is hidden as you st over them both as you go), sl st to top of starting ch to join; now pull remaining tail tight to cinch the hole closed (8 hdc made).
- row 2: ch 2, hdc 2 in next st & in each st around; now sl st to top of starting ch to join with the **new color** pulled through in the final step (insert hook, yarn over, pull through 1st loop, put new color on hook leaving a ~4" tail (that you can weave in backside loops later) & pull it through as the new active color) (16 hdc made).

Drop the first color now so that the strand comes forward toward you, since **the side facing you is the inside of the hat where yarn will travel**—meaning where it will be dropped & picked up again later.]

- row 3: ch 2, fphdc in each st around, sl st to top of starting ch to join (16 fphdc made).
- row 4: repeat row 3.

Drop the new color now toward you as you did before & yarn over with the prior dropped color, making sure the yarn is **traveling along the inside** side facing you; continue to alternate colors every two rows along with the stitch changes until we get to the ribbing.]

- row 5: ch 2, **hdc 2 in next st, hdc 1**, repeat from ** to ** in each st around, sl st to join (24 hdc made).
- row 6: ch 2, **hdc 2 in next st, hdc 1 in each of next 2 sts**, repeat from ** to ** in each st around, sl st to join (32 hdc made).
- row 7: with **new color** ch 2, fphdc 1 in each st around, sl st to top of starting ch to join (32 fphdc made).
- row 8: repeat row 7.
- row 9: with **first color** ch 2, **hdc 2 in next st, hdc 1 in each of next 3 sts**, repeat from ** to ** in each st around, sl st to join (40 hdc made; for child's hat, end increases here).
- row 10: ch 2, **hdc 2 in next st, hdc 1 in each of next 4 sts**, repeat from ** to ** in each st around, sl st to join (48 hdc made).
- row 11: with new color ch 2, fphdc 1 in each st around, sl st to top of starting ch to join (48 fphdc made).

- ☐ row 12: repeat row 11.
- ☐ row 13: with first color ch 2, ****hdc 2 in next st, hdc 1 in each of next 5 sts****, repeat from ****** to ****** in each st around for final row of increases, sl st to join (56 hdc made).
- ☐ row 14: ch 2, hdc 1 in each st around, sl st to top of starting ch to join (56 hdc made).
- ☐ row 15: with new color ch 2, fphdc 1 in each st around, sl st to top of starting ch to join (56 fphdc made).
- ☐ row 16: repeat row 15.
- ☐ row 17: with first color ch 2, hdc 1 in each st around, sl st to top of starting ch to join (56 hdc made).
- ☐ row 18: repeat row 17.
- ☐ row 19: repeat row 15.
- ☐ row 20: repeat row 15.
- ☐ row 21: repeat row 17 (for a slouchy hat with extra rows, repeat these four 1-2x more).
- ☐ row 22: repeat row 17, then **cut this first color** dropping a ~4" tail toward you.
- ☐ row 23: repeat row 15 (it is important to transition to the ribbing with this fphdc row here so there is one solid row to build the ribbing upon).
- ☐ row 24: ch 2 (counts as 1st fphdc), ****bphdc 2, fphdc 2****, repeat from ****** to ****** in each st around with last st of row as a fphdc 1, sl st to top of starting ch to join (56 st made).
- ☐ row 25-27: repeat row 24 for these three more rows.

Cut yarn leaving a ~4" tail, yarn over & pull tail all the way through, pull tight, & weave all ends into backside loops.

If you can, **please upload photos to a Project page on Ravelry**—I'd love to see your hat!
