Abbreviations (UK terms)

BB - BackBump	Rnd - Round
(third loop)	RS - Right Side
Ch - Chain, 0	Sk - Skip
Col - Colour	Slst - Slip Stitch, ●
FO - Fasten Off	St - Stitch
LH - Left Hand	WS-Wrong Side
RH - Right Hand	

Pattern Notes:

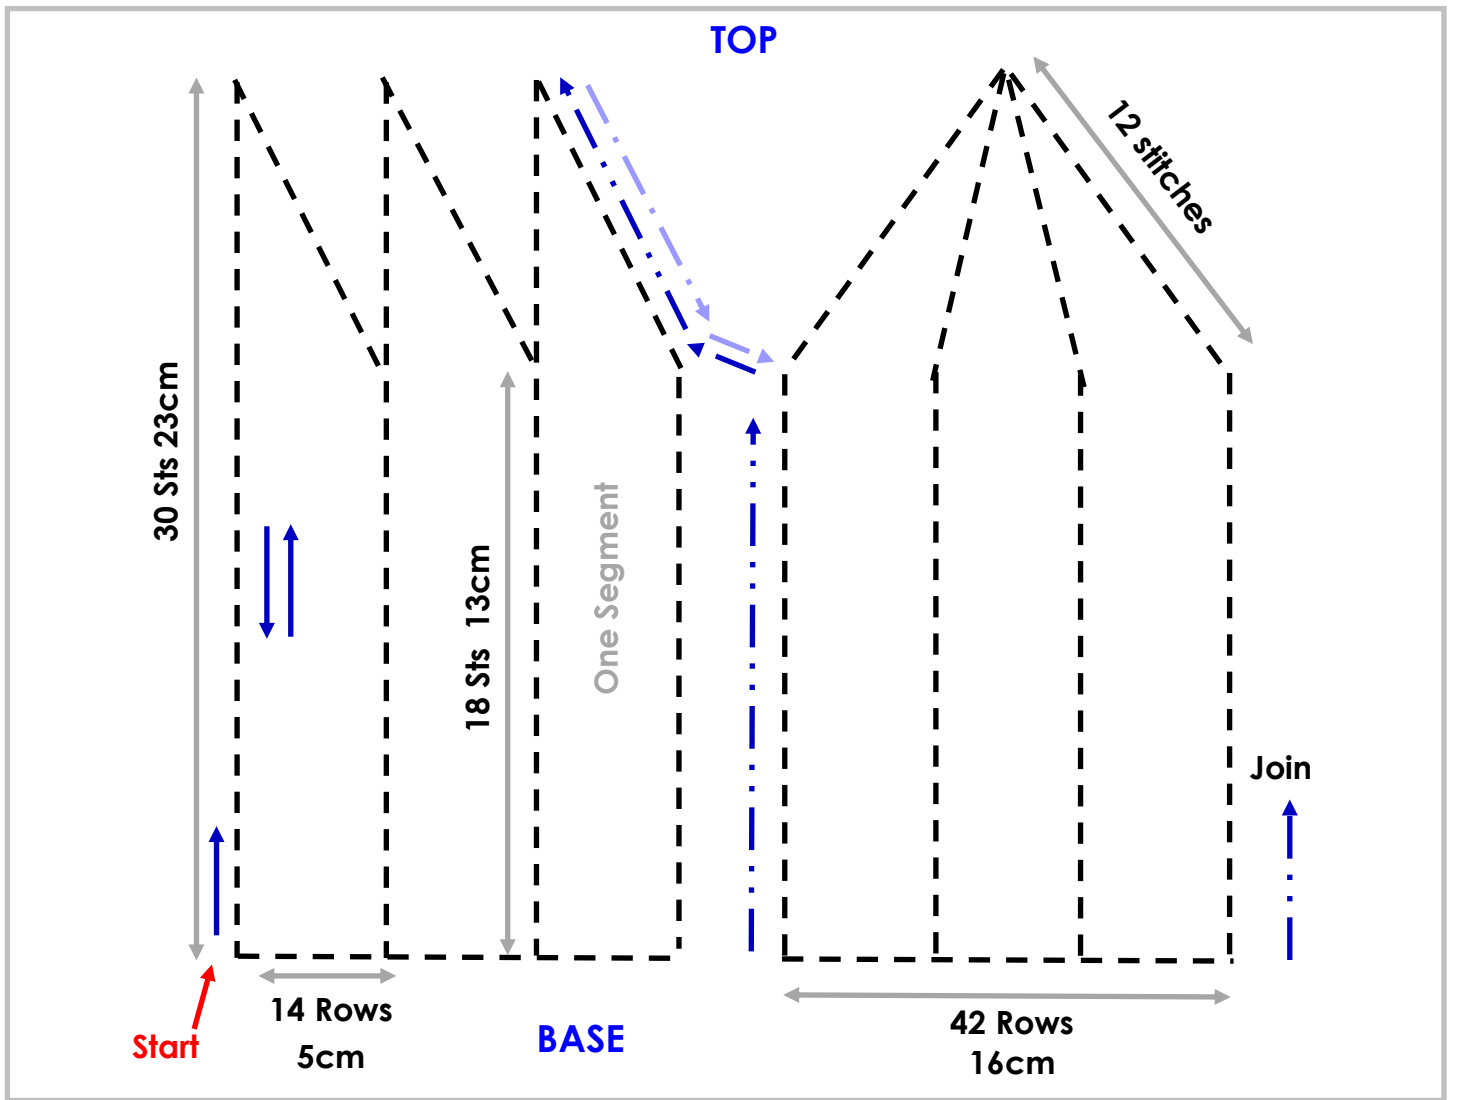

The cosy base is made in one piece (please see schematic and photos). It is worked with slip stitches in rows. Spaces are created for the handle and spout between the two 'halves' and finally joined into a round with the last row of stitches. The decoration is then made using surface crochet.

To increase the diameter of the cosy add additional 'segments' evenly to each 'half'.

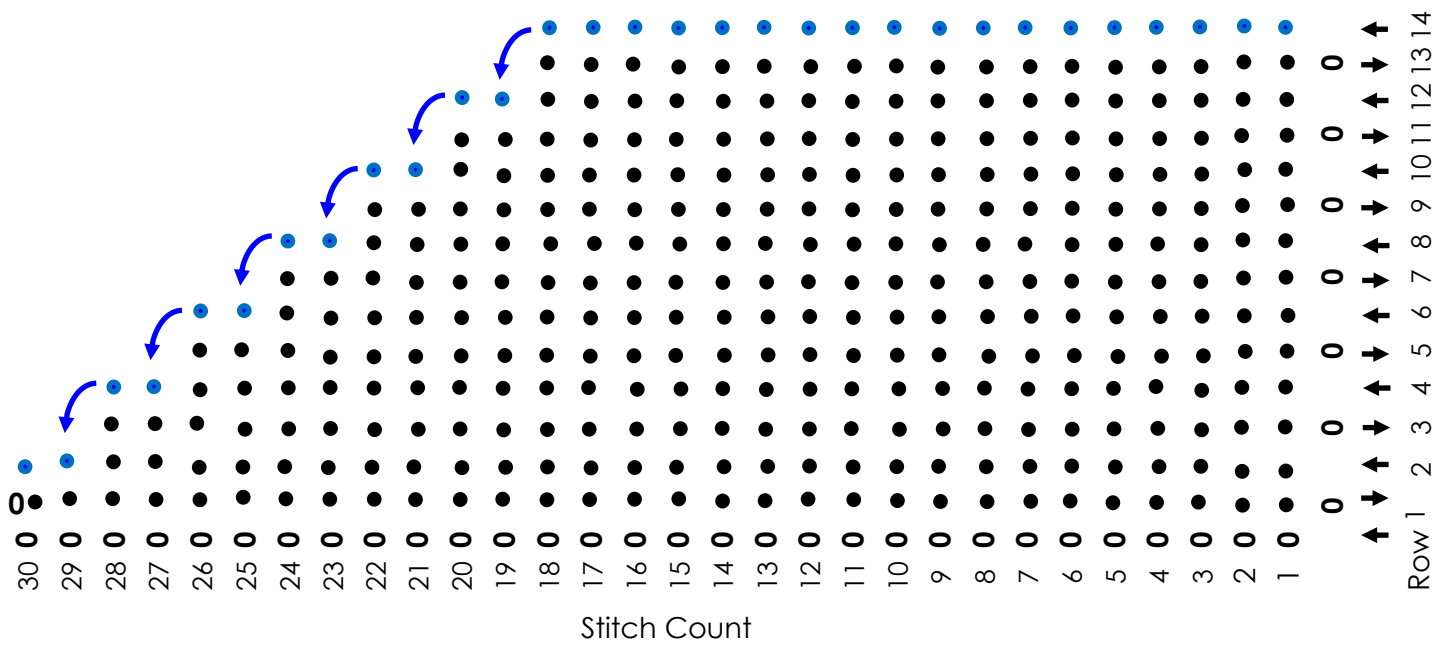

To increase the height of the cosy add additional stitches to each row in the straight section (currently 18 stitches on the schematic).

Tea Cosy Schematic

Stitch Diagram for First Fifteen Rows

Slip Stitch Tea Cosy Base

The base is made using **ColA** and a 7mm hook. Ch1 at the end of a row which ends at the base, but do NOT Ch1 at end of row which ends at the top. It may help to mark the stitches as indicated, but is not essential, see photo. The turning chains are not counted as stitches. Giving yourself a generous tail for sewing later.

Start Chain 31 stitches.

Row1 **WS** Slst in back bump of 2nd ch from the hook and in back bump of each ch st to the end, Ch1, Turn. *Mark 1st St of this row.* [30sts]

[30sts]

Row15 Slst down 30sts, Ch1, Turn. *Mark 1st St.* [30sts]

Rows

16-29 Repeat Rows 2 to 15 once more. **2nd Segment Made**

Rows

30-41 Repeat Rows 2 to 13 once more. *Mark 1st St of last row.* **1st Half, 3 Segments Made**

Row42 Slst up 5sts, Ch12, Slst into last marked stitch of row41 (Row13); work the rest of this row as Row14 from* to end. [30sts]

Row43 Slst down 13sts, Slst into each of next 12ch sts, Slst into last 5sts, Ch1, Turn. [28sts]

***** Repeat Rows 3 to 42

Join With wrong sides together join the two halves as follows. (Please see photos)

By making a Slst join thru the top (front) loops on each side, join the first 5 sts; then Slst into the next 12 sts on the closest side only (the handle/spout opening); finally Slst join the remaining 13 sts. FO leaving a generous 20cm tail for sewing and weave the hole at the top closed. Carefully weave away all remaining ends.

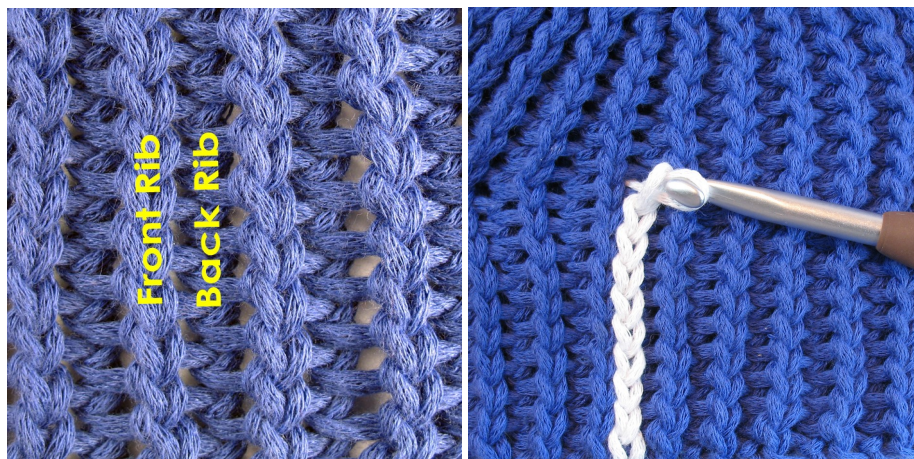

At this point your cosy might seem a little small. Don't Panic!

Base Complete.

Surface Crochet Layer

All surface crochet stitches are made in the spaces to the immediate right of a front facing rib. Keeping the working yarn on the reverse and the hook on the front, bring a loop up (from back to front) in the first space at base of cosy and make a Surface Chain stitch in each space to the top of the rib. Pull the last loop through to the back and FO.

All Surface Chain stitches are made with a 6mm hook.

ColB Work 18 Surface Chain stitches to the right of each of the shortest ribs (Row14), including where the rib falls at the handle/spout opening. FO after each row.

[6x18SurfaceChain]

Work 20 Surface Chain stitches to the right of each of the next shortest ribs (Row12). FO after each row.

[6x20SurfaceChain]

ColC Work 30 Surface Chain stitches to the right of each of the longest ribs (Row2). FO after each row.

[6x30SurfaceChain]

Work 28 Surface Chain stitches to the right of each of the next longest ribs (Row4). FO after each row.

[6x28SurfaceChain]

Weave away all ends. Put the kettle on and enjoy!!
